

Now you can RECYCLE FOOD SCRAPS

 in your 
YARD WASTE CART!

Your participation in the Food Scrap Recycling Program helps your community and helps the environment!

Food waste is the single largest part of what is landfilled today. Food scraps and food-soiled paper products are easily separated from garbage.

When combined with yard waste, food scraps can be processed into rich compost material for gardening, landscaping and farming.

- 1 COLLECT** food scraps. Use the new kitchen pail, paper bags or milk cartons for convenience.
- 2 EMPTY** food scraps into your green yard waste cart.
- 3 SET OUT** the yard waste cart for weekly collection.

DO NOT set your kitchen pail at the curb for collection.
