<b>Declaration of Origin:</b> I hereby certify that the following waste was generated in Alameda County, through household use.	
Signature:	Date:
<b>Count the number of containers</b> <b>and enter the total here</b>	

## Packaging Instructions

- **No individual item or container may be greater than 5 gallons or 50 pounds in size.**
- **All materials must be packaged in sturdy, non-leaking, closed containers.** If you have a leaking container, place it in a larger container (such as a plastic bucket available from paint stores); include the original label or a note with as much information as possible about the material and its ingredients.
- **Do not mix different wastes in the same container.**
- Place the materials upright in your vehicle; for safety, we recommend placing materials in boxes in your vehicle's trunk. Pack the materials so they will not slide, tip over, spill or break during transport.

## Limits

- State Regulations limit the amount of waste you may transport to **15 gallons\*** of liquid waste, or **125 lbs** solid waste. Individual items/containers must be no larger than **5 gallons** or weigh no more than **50 lbs**.

\*15 gallons refers to the actual contents of the containers, not the container size.
