**StopWaste
Community Outreach Mini-Grant Program
Fiscal Year 2017 – 2018**

Background

StopWaste is a public agency responsible for reducing waste in Alameda County. The Agency is jointly governed by three boards, the Alameda County Waste Management Authority, the Alameda County Source Reduction and Recycling Board, and the Energy Council.

To help reduce the amount of organics, specifically edible food going to landfill, a Community Outreach Mini-Grant Program was created to provide funding to nonprofit organizations who provide services to, or whose members are comprised of residents in Alameda County. The Agency is soliciting applications from nonprofit organizations that have the capacity and desire to work with their local community, membership or congregation to build awareness and engagement in reducing food waste.

The Agency recognizes the value that nonprofit organizations bring to their communities; local nonprofits provide a channel of communication that can help StopWaste expand its outreach efforts about the importance of preventing and reducing residential food waste. Local organizations are in the best position to train and educate their members by tapping into organizational knowledge of what motivates their membership and by making the issue of wasted food relevant while addressing potential challenges for community members to implement food waste reduction behaviors. This grant is structured to utilize that potential.

Organizations will enter into an agreement with StopWaste to deliver an outreach campaign to their membership with the assistance of the StopWaste Community Outreach Coordinator (COC). The campaign goal will be to utilize the Stop Food Waste (SFW) campaign materials to increase awareness of the food waste issue and promote the adoption of behaviors that reduce wasted food at home among the organization's members. Grant funding shall not exceed \$5,000 per organization. Detailed grant activities can be found in the outreach campaign criteria section below.

Eligibility Requirements

Funding is available for nonprofit organizations located in Alameda County with an IRS 501 (c) status that provide services to, or whose members are comprised of Alameda County residents AND have a membership or constituent base of at least 50 persons. Please note: Fiscal Sponsors not applicable for Community Outreach grants.

Outreach Campaign Criteria

The organization will commit to the following outreach activities:

1. Host a meeting with at least 25 attendees participating in an interactive food waste presentation by the StopWaste Community Outreach Coordinator (COC). The group of

25 attendees must be comprised of at least 3 Board Members, Staff, or other primary decision makers.

2. Have at least 15 community members complete a preliminary survey looking at behaviors around shopping, cooking, and food waste awareness in their household, as well as a "10-Minute Fridge Reality Check" (available at www.stopfoodwaste.org/resources) to assess and record the amount and types of food waste generated in their household.
3. The organization will disseminate a minimum of six reminders to practice food waste reduction behaviors to the larger organization community. These can take the form of social media posts, articles or reminders in a monthly newsletter/bulletin, or another method of the organization's choosing with the guidance and approval of the COC.

**At least 2 of these posts must be original content developed by the organization.*

4. Electronically send short informational videos (to be provided by StopWaste) to community members promoting the use of tips and tools to reduce wasted food at home. Organization to send a minimum of 4 videos during the grant period. Outreach must reach at least 100 individuals.
5. Upon completion of the above four deliverables, the organization will compile the cumulative results of outreach and provide the information to StopWaste in a final report (template will be provided by the COC).

*The organization must identify one primary member who will be the main point of contact for StopWaste and the COC throughout the grant period to coordinate on outreach activities and if applicable, one contact who will be responsible for invoicing and reporting.

Ineligible Uses of Grant Funds

StopWaste grant funds may *not* be used for the following purposes:

- Repayment of existing debt or pre-existing tax liens or obligations
- Payment of organizational overhead
- Legal fees
- Loan or bank fees

Grant Amount

The maximum grant amount is \$5,000 to be used at grantee's discretion.

General Conditions

All materials submitted become the property of StopWaste, and will not be returned. Funds awarded are public funds and any information submitted or generated is subject to public disclosure requirements

The Agency reserves the right, at its sole discretion, to waive minor irregularities in submittal requirements, to request modifications of the proposal, to accept or reject any or all proposals received, to grant full or partial funding of any request, and/or to cancel all or part of this grant solicitation at any time prior to awards.

Evaluation Process

Proposals will be reviewed and evaluated by StopWaste staff members. During the review process, program staff may contact the applicant for additional information or to clarify proposal content, and may elect to interview applicants or do a site visit prior to making a funding recommendation. However, an expression of interest by staff should not be construed as an indication of forthcoming grant approval.

Staff recommendations will be presented to the Executive Director for funding approval.

Evaluation Criteria

All submitted proposals will be evaluated and rated, according to the following criteria:

1. **Organizational Capacity** - Management and staff qualified to implement project and achieve stated objectives. The organization has the ability to reach both the audience type as well as the target numbers identified in grant objectives.
2. **Impact** - Extent to which the organization's efforts contributed increased awareness of food waste issues and adoption of food waste reduction behaviors in Alameda County. Assessment of proposals may also include consideration of such issues as geographic distribution of services, demographic diversity, extent of collaborative and community support and public education potential.
3. **Application Responsiveness** –Quality of responses to Forms A thru D

Grant Awards

Grants are available on a first come first served basis until the pool of funds dedicated to grant program is exhausted.

All applicants will be notified of the results of the grant review process and the Agency decisions after the receipt of their proposals. For successful applicants, funds will be available for expenditure only after a funding agreement/contract between the Agency and the grantee is signed and fully executed, and required insurance coverage and W-9 forms are provided. The Agency will not be liable for any project costs incurred prior to the legal execution of the contract, unless mutually agreed upon in writing.

Should the grant recipient fail to sign the agreement, provide proof of insurance coverage, sign and provide W-9 forms, and implement the program within 60 days, unless previously stated in the grant application, funds will be de-obligated and revert back to StopWaste.

Payment Structure

- 1) The organization may submit an invoice for their initial payment once they have identified a primary contact within the organization, and conducted the in-person planning meeting with the StopWaste Community Outreach Coordinator to map out the completion of the grant deliverables
- 2) Final payment will be available with the completion of the final report

Contract Specifications

A standard contract or funding agreement will be entered into following the grant award. Following are excerpts from a standard contract used by StopWaste:

Insurance Requirements

It is a requirement of StopWaste that any individual or firm selected to receive a mini grant maintain the following minimum insurance during the term of the grant contract.

Project Implementation

Please provide detailed but concise responses to the following six deliverables, as they relate to grant deliverables. Groups will be evaluated based on how many people they reach and the effectiveness of their outreach initiatives to impact lasting change.

DELIVERABLE 1: Host a meeting with at least 25 attendees, 3 of which must be Board members or decision makers in the organization, participating in an interactive food waste presentation by the StopWaste Community Outreach Coordinator (COC).

Describe method for organizing and promoting this meeting:

DELIVERABLE 2: At least 15 community members must complete a preliminary survey looking at behaviors around shopping, cooking, and food waste awareness in their household, as well as a "10-Minute Fridge Reality Check" to assess and record the amount and types of food waste generated in their household. Participation may be promoted at the presentation meeting described above.

Describe method for ensuring participation and completion of the pre-survey and "Fridge Reality Check":

DELIVERABLE 3: The organization will disseminate a minimum of six reminders to practice food waste reduction behaviors to the larger organization community. These can take the form of social media posts, articles or reminders in a monthly newsletter/bulletin, or another method of the organization’s choosing with the guidance and approval of the COC.

At least 2 posts must be original content. StopWaste must be tagged and #StopFoodWaste used when possible.

Examples of original content: Pictures from participants doing the “10-Minute Fridge Reality Check” or utilizing Stop Food Waste tools. Articles addressing proper storage or leftover recipes using items that were commonly wasted by participants.

Provide links to social media sites.

DELIVERABLE 4: Electronically send Stop Food Waste informational videos (to be provided by StopWaste) to community members promoting the use of tips and tools to reduce wasted food at home. Organization to send a minimum of 4 videos during the grant period. Outreach must reach at least 100 individuals. Videos may be sent in individual emails or embedded in electronic newsletters. If you do not have the ability to send electronically, videos may be shown at events or workshops with a cumulative total of 100 attendees.

Describe how the organization will distribute the videos.

DELIVERABLE 5: Upon completion of the above four deliverables, the organization will compile the results of the outreach activities and provide information to StopWaste. All grant activities need to be completed within 12 months of signing the contract, utilizing StopWaste tracking worksheets which will be provided by the COC.

Briefly describe the schedule the organization will develop to implement all grant activities by the above deadline and complete provided worksheets upon completion of grant activities.

Insurance, Statement of Economic Interest and Standard Funding Agreement

Please sign and return the statement below to indicate that you and your organization understands and will comply with StopWaste’s insurance policy requirements, standard funding agreement and will submit a Statement of Economic Interest Form if requested by StopWaste staff.

1. Insurance Requirements

It is a requirement of StopWaste that any individual or organization selected to receive grant funding maintain the following minimum insurance during the term of the Grant contract. As part of the application, grantee shall **submit to StopWaste certificates of insurance** for the policies listed below. The certificates shall provide that the grantee give written notice to StopWaste at least 10 days prior to cancellation of or any material change in the policy.

- **REQUIRED: Comprehensive general liability insurance**, including personal injury liability, blanket contractual liability, and broad-form property damage liability coverage. The combined single limit for bodily injury and property damage shall be not less than \$2,000,000.
- **REQUIRED: Automobile bodily injury and property damage liability insurance** covering owned, non-owned, rented, and hired cars. The combined single limit for bodily injury and property damage shall be not less than \$1,000,000.
- **REQUIRED: Statutory workers' compensation and employer's liability insurance** as required by state law.
- **Professional liability insurance:** The limit of liability shall be not less than \$1,000,000. (Depending on the scope of services agreed to under the terms of a contract, this requirement may be waived at the discretion of Agency staff.)

(Under special circumstances, exceptions may be made to the minimum insurance requirements, but only upon prior agreement by StopWaste).

2. Statement of Economic Interest

The individual or organization’s project manager may be required to submit a Statement of Economic Interest Form (Form 700) as required by the State Fair Political Practices Commission. For a copy of a Form 700, please see the California Fair Political Practices Commission website at <http://www.fppc.ca.gov>

3. Review and Acceptance of Standard Funding Agreement

The Agency’s standard funding agreement available at www.stopwaste.org/npggrants and, if awarded funding, the organization will comply with all of the terms set forth in the funding agreement. I will not request any changes to the basic agreement. I understand that Appendixes A of the funding agreement will be customized to the grant project in regards to scope of services, deliverables and time lines associated with funding request but that no other changes to the standard funding agreement will be made.

I understand that failure to comply with any of these requirements will result in StopWaste’s refusal to enter into a Grant contract with my firm.
