

2017 Bay-Friendly RATER TRAINING

Bay-Friendly Qualified Professionals, who meet the eligibility requirements, are invited to attend the 2017 Bay-Friendly Rater Training.

This 2-day advanced training will provide an overview of the Bay-Friendly Rating System and will detail how you as a Rater can help ensure that landscape projects meet the minimum requirements of the Bay-Friendly Landscape Scorecard.

The Bay-Friendly Rating System has been updated to provide greater opportunities to create Bay-Friendly Rated Landscapes by allowing both third-party and in-house rating. The Rater Training will review these and other updates to the Rating System.

Why Become a Bay-Friendly Rater?

Bay-Friendly Qualified Raters are certified to verify that the design and construction of a new or renovated landscape meets the requirements of the Bay-Friendly Landscape Scorecard.

Bay-Friendly Raters are provided with:

- A synopsis of the Bay-Friendly Rating System
- An advanced understanding of the Bay-Friendly Scorecard and its use in assessing Bay-Friendly landscapes
- The tools and resources to successfully rate Bay-Friendly landscapes
- Certification as a Bay-Friendly Rater
- and more!

For more information about the Bay-Friendly Rating System, visit www.ReScapeCA.org/Rated-Landscapes
