**ORDINANCE 2014-1
as amended by Ordinance 2019-1**

**AN ORDINANCE ESTABLISHING A HOUSEHOLD HAZARDOUS WASTE
COLLECTION AND DISPOSAL FEE**

The Board of the Alameda County Waste Management Authority hereby ordains as follows:

Section 1. Findings

The Authority finds that:

(a) It has been standard practices since the early 1990s for Cities and Counties in California to periodically characterize the components of garbage and refuse sent to landfill in order to facilitate planning for diverting recoverable and harmful materials from landfill disposal. Waste characterization studies for Alameda County, and the State of California overall find that household hazardous waste (HHW; see Health & Safety Code Section 25218.1 (e)) is about the same weight or percentage of residential garbage and refuse regardless of whether the dwelling unit is in a single family or multi-family residential building. Furthermore, vacant Households also require household hazardous waste collection and disposal in connection with property improvements, maintenance, or landscaping.

(b) State law precludes disposal of household hazardous waste in municipal landfills such as those serving Alameda County residents and the Alameda County Integrated Waste Management Plan calls for removing hazardous wastes from the solid waste stream for proper separate management through separate collection and other programs.

(c) In Health and Safety Code section 25218 the State legislature has found that “residential households which generate household hazardous waste and conditionally exempt small quantity generators which generate small amounts of hazardous waste in the state need an appropriate and economic means of disposing of the hazardous waste they generate” and disposal of household hazardous waste “into the solid waste stream is a threat to public health and safety and to the environment.” The Health and Safety Code further provides for the establishment of “household hazardous waste collection facilities”, which are defined in Section 25218.1 (f) as facilities operated by public agencies or their contractors for the purpose of collecting, handling, treating, storing, recycling, or disposing of household hazardous waste and hazardous waste from conditionally exempt small quantity generators.

(d) The Alameda County Environmental Health Department, with policy direction and funding provided by the Waste Management Authority, operates three permanent Household Hazardous Waste (HHW) collection facilities located in the northern, southern, and eastern sections of the County and BLT Recycling, under contract with the City

of Fremont, operates a fourth HHW collection facility at the Fremont Transfer Station, partially funded by the Authority. These facilities are operated in accordance with Health & Safety Code 25218 et seq, and under two memoranda of understanding (MOUs) between the Authority and the County of Alameda and the Authority and the City of Fremont. These MOUs will be revised to implement this ordinance.

(e) These Household Hazardous Waste collection facilities benefit and serve Alameda County residential property owners by collecting and providing a legal, safe, place for disposal of HHW materials generated in Alameda County in compliance with the law. The services and facilities of this program may be used only by Alameda County Households. The Household Hazardous Waste Collection and Disposal Fee funds this program and may not be used for any other purpose. The program was evaluated in an October 4, 2013 memorandum from HF&H Consultants, LLC to the Alameda County Waste Management Authority which determined that the funds generated by the fee do not exceed the costs of the program services and facilities. **The program was reviewed in a June 12, 2019 memorandum from HF&H Consultants, LLC to the Alameda County Waste Management Authority which evaluated a revised fee adjustment methodology and confirmed that the funds generated by the fee and revised methodology do not exceed the costs of the program services and facilities.**

(f) The costs of the program's HHW collection and disposal services and facilities for Alameda County Households are offset in part by funds received or cost reductions associated with product stewardship programs implemented in accordance with State law (such as the PaintCare Product Stewardship Program established at Public Resources Code sections 48700 et seq. which reduces costs associated with collection and disposal of architectural paints and provides funds for processing those materials). These programs are expected to expand in the future and **reduce program expenses accordingly. These reduced expenses will be reflected in** the amount of the fee ~~will be reduced commensurate with the cost offsets or funding associated with these programs. In anticipation of full cost offset and funding from these programs in the future the fee sunsets in 2024.~~

(g) Article 4 of Health & Safety Code Division 5, Part 3, Chapter 6 authorizes public agencies including cities, counties, and special districts, upon a two-thirds vote of the legislative body, to prescribe and collect fees for garbage and refuse collection services and facilities on the tax roll. This ordinance prescribes a fee for collection and disposal at the four HHW facilities in Alameda County of the HHW component of garbage and refuse generated by Alameda County Households.

(h) The Authority has the power to enact this Ordinance pursuant to the Joint Exercise of Powers Agreement for Waste Management. That agreement grants the Authority all of the powers necessary to implement the Alameda County Integrated Waste Management Plan including the power to levy and collect fees and charges for programs such as HHW collection and disposal services and facilities.

(i) This Ordinance was introduced on December 18, 2013 at which time the Board set a public hearing for consideration of the Ordinance on February 26, 2014 and directed

the Executive Director to prepare a report containing a description of each parcel of real property with one or more Households, the number of Households on each parcel, and the amount of the charge for each parcel computed in conformity with this Ordinance. The Board directed the Executive Director to publish and cause a notice in writing of the filing of said report and the proposal to collect the annual charge on the tax roll together with the time and place of hearing thereon, to be mailed to each person to whom any parcel or parcels of real property described in said report is listed as owner in the last equalized assessment roll available on the date said report is prepared (a "Record Owner"), at the address shown on said assessment roll or as known to the Executive Director. On January 22 the Board continued the protest hearing date to March 26, 2014. Notice of the new hearing date and extended protest period was published and mailed in accordance with law. This Ordinance was re-introduced with clarifying amendments on February 26, 2014.

(j) Following the 2014 protest hearing the Board considered all objections or protests to the report and this Ordinance. Protests were received from the Record Owners of (1) less than a majority of the separate parcels of property described in the report and (2) less than a majority of the Households on property described in the report. The Board approved the ordinance by a two-thirds majority or greater of the Board membership.

(k) This ordinance was amended in 2019 to revise the method for periodic adjustments to the fee subject to the cap established in 2014 and remove the 2024 sunset date. This amendment was introduced on June 26, 2019 at which time the Board set a public hearing for consideration of the amendment on September 25, 2019 and directed the Executive Director to prepare a report containing a description of each parcel of real property with one or more Households, the number of Households on each parcel, and the amount of the charge for each parcel computed in conformity with this Ordinance. The Board directed the Executive Director to publish and cause a notice in writing of the filing of said report and the proposal to collect the annual charge on the tax roll together with the time and place of hearing thereon, to be mailed to each person to whom any parcel or parcels of real property described in said report is listed as owner in the last equalized assessment roll available on the date said report is prepared (a "Record Owner"), at the address shown on said assessment roll or as known to the Executive Director. Following the 2019 protest hearing the Board considered all objections or protests to the report and this amendment to this Ordinance. Protests were received from the Record Owners of (1) less than a majority of the separate parcels of property described in the report and (2) less than a majority of the Households on property described in the report. The Board approved the ordinance by a two-thirds majority or greater of the Board membership.

~~(k)~~ **(l)** Enactment **and amendment** of this Ordinance is not a "project" subject to the requirements of the California Environmental Quality Act, California Code of Regulations, title 21, section 15378(b)(4); further, even if it were a "project," it would be categorically exempt from the California Environmental Quality Act pursuant to California Code of Regulations, title 21, section 15308.
