There were no public comments on the Consent Calendar. Board member Martinez made the motion to approve the Consent Calendar. Board member Moore seconded and the motion carried 6-0.

IV. OPEN PUBLIC DISCUSSION
Arthur Boone provided public comments regarding the proposed mixed-waste processing facility at the Davis Street Transfer Station. Mr. Boone distributed a handout entitled “The Evolution of Mixed Waste Processing Facilities 1970-Today (copy of the handout is attached).”

VI. REGULAR CALENDAR
1. DR3 Mattress Recycling – Facility Relocation Support (Meri Soll)
   Provide a $57,500 one-time grant to The Society of St. Vincent de Paul (nonprofit entity operating as DR3) to offset facility relocation costs from Oakland to Livermore.

Meri Soll provided an overview of the staff report. A link to the report is available here: [DR3-Funding-Request-08-09-18.pdf](DR3-Funding-Request-08-09-18.pdf). Mr. Terry McDonald, DR3 Recycling, was present to answer questions.

Board member Kalb stated that the funds are intended for grants to non-profits and inquired about the status of DR3 Recycling. Mr. McDonald stated that DR3 Recycling is a dba of the Society of St. Vincent De Paul, which is a non-profit. Board member Kalb stated that he is concerned that the relocation to Livermore will create a decrease in the number of mattresses recycled in North County. Mr. McDonald stated that they are working with the Mattress Recycling Council (MRC) to locate a magnet facility in Oakland to mitigate any potential decrease in mattress recycling in North County. Mr. McDonald added it is difficult to find a warehouse processing facility near the 880 corridor and those that are available do not have sufficient yard space. Board member Kalb inquired about the timeline for the magnet facility in Oakland. Mr. McDonald stated that he is still working with MRC to locate a site. Board member Kalb recommended that Mr. McDonald reach out to the Oakland Department of Environmental Services to assist in finding a location. Mr. Padia stated that Steve Lautze, City of Oakland Economic Development, was assisting with attempting to find a location in Oakland. Mr. Padia added that he is pleased that they were able to find a location in Alameda County and there is another mattress recycler located in San Leandro. President Oddie stated the Mattress Recycling Bill was authored by Senator Loni Hancock and he is also concerned that Oakland would be losing the facility. He added that he is pleased to know that there are ongoing efforts to find another location in Oakland. Board member Moore stated that it is a
struggle to find facilities especially for industrial uses and inquired if there were suitable facilities but had zoning issues. Mr. McDonald stated there were no zoning issues but the building owners expressed concerns about fires and mattress deconstruction as an industry and required additional insurance and a policy in case of abandonment.

There was no public comment on this item. Board member Martinez made the motion to approve the staff recommendation. Board member Southworth seconded and the motion carried 7-0.

2. Municipal Panel: Member Agency Schools Programs (Meghan Starkey)

This item is for information only.

Meghan Starkey provided an overview of the staff report and introduced the panelists: Jordan Figueiredo, Castro Valley Sanitary District; Barbara Lee, Livermore Valley Joint Unified School District; Natasha Neves, Oro Loma Sanitary District; and Andreea Simion, Oro Loma Sanitary District. The panelists shared their experiences and insights on the opportunities and challenges of implementing recycling and organics programs and other waste reduction efforts in their schools. Staff Angelina Vergara provided comments on the agency’s efforts regarding the schools program. (Board members Rood and Lamnin arrived during the presentation). VII. OTHER PUBLIC INPUT
Toni Stein expressed her concerns regarding the proposed anaerobic digester at the Davis Street Transfer Station in San Leandro. Ms. Stein stated that the potential air quality and high odor issues are significant. Ms. Stein stated that Zero Waste Energy Development located at Zanker Road, has contracted with Davis Street to do the anaerobic digestion and since 2014, has received over 3,000 complaints regarding odors that have not been addressed. Ms. Stein stated that she is concerned about the odor impacts when transporting the materials.

VIII. COMMUNICATIONS/MEMBER COMMENTS
There were none. Board member Buckholz arrived during member comments.

IX. ADJOURNMENT
The meeting adjourned at 4:53 p.m.
