V.  OPEN PUBLIC DISCUSSION (WMA & EC)
Evan Edgar provided public comment on stopping the ADC fraud in California. He cited a report by StopWaste in June 2012 which indicates misreporting of other waste. Arthur Boone provided public comment and stated his support for Mr. Edgars comment. He further stated that he is working on a position paper for the Northern California Recycling Association which he plans to distribute at the California Composting Council conference in Oakland later this month. Mr. Boone stated on behalf of the Sierra Club Zero Waste Committee his commendation to the city of Fremont for their support for competitive wages for recycling workers. Mr. Boone stated that fees for HHW should be assessed at landfills and disagrees with the proposed HHW fee on households. Mr. Boone finally disagreed with the City of Berkeley Mayor's comments that recycling and composting are cadillac services. Amy Willis and Fred Pecker, ILWU and the Campaign for Sustainable Recycling in Alameda County provided public comment expressing concern with the wages and benefits of the recycling workers, and also commended the city of Fremont for their work with BLT Transfer station in approving a small rate increase in order to provide sustainable wages for their recycling workers. Ms. Willis encouraged the City of Oakland to follow Fremont's example when renegotiating the city's franchise agreement. She further commended Councilmember Kalb and Councilmember Gallo for leading this effort in Oakland.

VI.  REGULAR CALENDAR (WMA only)
1. Possible Changes to the HHW Funding Decision Process (Gary Wolff)  Action
   Provide direction to staff, if any.

During open session, Mr. Wolff introduced Resolution 2014-02, an amendment to the Procedures Resolution 2013-06 adopted December 18, 2013. He did so to correct de-duplicating errors made by the
mailing house conducting the mailing of the HHW notification letters. The amendments include extending
the second reading date and proposed adoption of the HHW ordinance to the March 26, 2014 meeting and
extending the deadline for mailed or hand delivered protests to the fee. Public testimony and protests will
be accepted at the regular meeting on February 26th as well as the public hearing on March 26th. Staff
will mail a supplemental notification to all residential property owners potentially subject to the fee,
informing them of the new hearing date and protest deadlines. A copy of Resolution 2014-02 is available
here: http://www.stopwaste.org/docs/amendment_to_res_2013-06.pdf

Mr. Wozniak made the motion to accept the staff recommendation. Mr. Pentin seconded and the motion
carried 18-0 (Natarajan and Turner absent).

2. Extension of the Operating Period in a Diversion Agreement (Gary Wolff) Action

Mr. Wolff provided an overview of the staff report. The report is available here:
http://www.stopwaste.org/docs/01-22-14-diversion.pdf

Ms. West inquired if incentive payments contained in our agreement with Waste Management provides the
opportunity to discuss a living wage. Mr. Wolff stated that we would have to re-negotiate the entire contract,
but that the remaining amount of money under this contract is not significant enough to leverage the ILWU
recycling workers contract enough to make a difference and he therefore does not recommend approaching
this issue through this agreement. Mr. Padia added the materials targeted are generally high volume, low
value materials that are used for pad building or road building and not sold on the open market.

Mr. Landis made the motion to approve the staff recommendation. Mr. Pentin seconded and the motion
carried 17-0 (Freitas, Natarajan and Turner absent).

3. WMA Vacancy on the Recycling Board (Gary Wolff) Action

Fill the vacancy on the Recycling Board.

Mr. Pentin indicated that he would like to serve on the Recycling Board. Ms. Cutter made the motion to
appoint Mr. Pentin as the WMA representative to the Recycling Board. Ms. West seconded and the motion
