SUBJECT: 2017 BayREN Contract

SUMMARY

Since 2013, StopWaste has represented Alameda County jurisdictions in the Bay Area Regional Energy Network (BayREN) regional partnership and has implemented its programs. In order to ensure continuity of BayREN services in 2017, the Energy Council needs to authorize the Executive Director to enter into a contract with ABAG to accept up to $6 million.

DISCUSSION

On October 28, 2015 the California Public Utilities Commission issued a Decision authorizing the continuation of energy efficiency programs, including an annualized $13.3 million budget for BayREN. The 2017 portfolio will continue to include three programs (single-family, multifamily, codes and standards) and three financing pilots. The initial 2017 budget and scope for the Energy Council is described in Attachment A and extends implementation roles from 2016. The largest portion of the budget is $5.6 million for implementing the successful BayREN multifamily program, which has served 42,000 units since its inception and incentivizes 5,000 units annually in the Bay Area. In addition to the multifamily rebate program, the Energy Council leads three pilot programs offering multifamily financing, residential policy assistance, and municipal Zero Net Energy technical assistance. The scope of work also includes local outreach for other BayREN programs within Alameda County.

RECOMMENDATION

Adopt the attached Resolution authorizing the Executive Director to enter into a 2017 contract for Bay Area Regional Energy Network (BayREN) and other related actions.
