No individual container may be greater than 5 gallons or 50 pounds in size

Waste must be packaged in a non-leaking, closed container not damaged by the waste

Place a leaking item in a larger container that won't leak, like a bucket with lid

How to Package:

Include original product label or a note about unmarked items

Do not mix different wastes in the same container

Load safely in back of vehicle: upright, braced so will not: slide, tip over, spill, break

At the HHW facility our staff will unload your waste. Please drive carefully!

How Much & How Often:

State law limits the total amount you may transport in a vehicle to 125 pounds or 15 gallons. Wastes must be transported by or with a resident of the household which generated the waste. You may deliver as many times as you like.
