My 4Rs: Reduce, Reuse, Recycle, Rot, Rethink

My (Re)Generation Action Story:

I rethink before I toss because I have seen how much trash could affect our earth. By not sorting my trash it can impact the process of making the world a better place. Going the extra mile to divide my trash makes me feel like I am apart of something that can help clean our earth. My 4rs that I try to use everyday are: Reduce, Reuse, Recycle, Rot.
