May the 4Rs Be With You Contest 2020

Recognize, Repay, Repurpose, Rethink

My 4Rs Reflection

Recognize- to recognize the harm done to the workers in the mines and how we're not actually paying the amount of labor put into a bag of chips

Repay- to add more funds to the workers and help their economy so that they can get better healthcare

Repurpose- we can clean the bag of chips and use it as a gift wrapper

Rethink- a bag of chips being littered can cause a lot of harm to animals and so we should pick up any type of litter we find lying around and throw it into their respective bins
