**My 4Rs:** Reorganize, Redo, Rethink, Respect

## My (Re)Generation Action Story:

My 4Rs are reorganize redo and rethink respect. Why you ask? It is because of my picture. Even if you think the world is beautiful with trash, In the end it will all be disgusting.

If you RESPECT the earth then RETHINK what you throw away and REDO what you did wrong and try to REORGANIZE the earth back to a beautiful place. I found this mess on the street and had my mom take a picture. It is sad that this is on the everyday road. Also I included the black line on top in the end there is nothing left. If you do not drop these things then the earth will look very good! the earth will look very good!!!
