

## Bay-Friendly Rated Projects

Bishop O'Dowd High School, Oakland

Bay Street Plaza, Emeryville

REACH Ashland Youth Center, San Lorenzo

## About ReScape California

ReScape California is a non-profit organization that promotes sustainable landscaping and gardening practices throughout the state. ReScape California encourages behavior change through a watershed approach, known as Bay-Friendly Landscaping, that minimizes harm to the environment, conserves resources and costs and creates thriving landscapes. The organization's programs, publications and other resources provide landscape professionals, home gardeners and local governments with the inspiration and tools to create healthy, environmentally sound landscapes.
