

# STOP WASTE

May the 4Rs Be With You Contest 2023

## Carolyn Guo, Pleasanton

1st Place Elementary Illustration

### My 4Rs: Rethink, Reuse, Recycle

### My (Re)Generation Action Story:

I chose these 4Rs because I believe if we all follow them earth can be what it once was thousands of years ago. We will have wide, lush grass fields, beautiful green forests, crystal clear oceans, spectacular snow capped mountains, and animals everywhere --- land animals, underwater and the ones soaring high above our heads.
