

# Got Carpet Tiles??

***If you have a tenant improvement project removing carpet tiles, this program is for you!***

- ❖ Don't send those carpet tiles to landfill or back to the manufacturer for recycling, consider donating or dropping off tiles for reuse.
- ❖ Carpet tiles in **good** condition can be accepted by organizations such as Habitat for Humanity's ReStore.
- ❖ You'll save on landfill fees and in some cases may even qualify for a tax break!
- ❖ Some groups may pick up carpet tiles at your job site.
