Notes:

1. "Solid Waste Enterprise" means any government agency, individual, partnership, joint venture, unincorporated private organization or private corporation that collects, transports, transfers, processes or disposes of Solid Waste originating in Alameda County that is eventually Deposited In Landfills.
2. Solid Waste defined: California Public Resource Code Section 40191.
  - (a) Except as provided in subdivision (b), "solid waste" means all putrescible and nonputrescible solid, semisolid, and liquid wastes, including garbage, trash, refuse, paper, rubbish, ashes, industrial wastes, demolition and construction wastes, abandoned vehicles and parts thereof, discarded home and industrial appliances,

dewatered, treated, or chemically fixed sewage sludge which is not hazardous waste, manure, vegetable or animal solid and semisolid wastes, and other discarded solid and semisolid wastes.

(b) "Solid waste" does not include any of the following wastes:

(1) Hazardous waste, as defined in Section 40141.

(2) Radioactive waste regulated pursuant to the Radiation Control Law (Chapter 8 (commencing with Section 114960) of Part 9 of Division 104 of the Health and Safety Code).

(3) Medical waste regulated pursuant to the Medical Waste Management Act (Part 14 (commencing with Section 117600) of Division 104 of the Health and Safety Code). Untreated medical waste shall not be disposed of in a solid waste landfill, as defined in Section 40195.1. Medical waste that has been treated and deemed to be solid waste shall be regulated pursuant to this division.

3. "Permitted Waste Facility" means a Solid Waste disposal or non-disposal facility (e.g., transfer station or recycling or composting facility) that has a permit from the California Integrated Waste Management Board, a California Regional Water Quality Control Board, or a city or county.
