Learn how to create a great Rated Landscape from start to finish!

Bay-Friendly Qualified Raters and environmental enthusiasts are invited to join us for this half-day workshop that offers an in-depth look at the Bay-Friendly Rating process, featuring the highest Rated Landscape to date, the Bishop O'Dowd Center for Environmental Studies.

Workshop Highlights:

- On-site walk-through of the site's Bay-Friendly features and sustainable efforts
- Guidance on Rating verification policies and procedures
- Key perspectives from the project's Rater, Project Team and Campus Sustainability Department
