MAY THE 4RS BE WITH YOU CONTEST 2022

My 4Rs: Recycle, Reuse, Regrow, Redo

My (Re)Generation Action Story

For my 4Rs I chose recycle, reuse, regrow, and redo.

I chose recycle because people need to recycle more. They should buy products that can be recycled instead of things that can't. I did reuse because you can use things again or in a different way. For example, in my comic, there were extra napkins and so I turned one into a flag. For regrow, we need to grow new habits of recycling and redo means we need to do our actions over to be better to our planet.
