My 4Rs: Reuse, Reorganize, Redesign, Rebuild

My (Re)Generation Action Story:

My 4Rs are Reuse, Reorganize, Redesign, and Rebuild.

This organizer Reuses cardboard and toilet paper rolls, which is the item that it is made from. Not only does it prevent the cardboard from going into the landfill, but it also Reorganizes and Redesigns my room.

We should all reuse by Rebuilding new items so we don’t need to put it into the landfill.
