

October 16 in Oakland

# WELO ENFORCEMENT TRAINING

All jurisdictions must enforce WELO. StopWaste's new training will help make sure you get it right.

This free training will equip you with the essential tools and knowledge to efficiently and effectively **enforce your jurisdiction's Water Efficient Landscape Ordinance**. Learn how to use the StopWaste WELO Tool Kit, how to spot the most common errors on WELO submittals, how to comply with the state's reporting requirements, and more.

**Who should attend? Public agency staff responsible for building and landscape permits in Alameda County and its 14 cities.**

Cost: Free. Includes light breakfast and lunch.

When: Wednesday, October 16, 2019, 8:30 a.m. to 12:30 p.m.

Where: StopWaste, 1537 Webster St., Oakland

**To provide an optimal learning experience, we're keeping the class size small. RSVP now to reserve your seat.**

## WHY ENFORCE WELO?

It's the law.

It helps your municipality meet climate and sustainability goals.

It saves water, builds markets for compost and mulch, and increases your community's drought resilience.
