7. Adjournment

The meeting adjourned at 9:40 a.m.
DATE: December 9, 2021
TO: Programs & Administration Committee
FROM: Timothy Burroughs, Executive Director
SUBJECT: Resolution regarding meeting via teleconference to promote social distancing, pursuant to AB 361

SUMMARY
On September 16, 2021, the Governor signed into law as an urgency measure, AB 361 (Rivas), which allows local legislative bodies to continue to meet by teleconference in order to promote public health and safety, subject to certain conditions, which must be reconsidered every 30 days. At its December 9, 2021, meeting, the Programs & Administration Committee will consider a resolution to approve and direct the continued use of teleconferencing for its public meetings to enable social distancing, as long as the findings required by AB 361 are met and other provisions of the Brown Act are followed.

DISCUSSION
In light of the continued state of emergency declared by the Governor related to COVID-19, state and local officials have imposed or recommended measures to promote social distancing. This direction from state and local health officials is based on the increased safety protection that social distancing provides as one method to reduce the risk of COVID-19 transmission.

The state of emergency and associated direction from state and local health officials to promote social distancing continues to impact the ability for the Programs & Administration Committee to meet safely in person. The direction from public health officials that informs the findings in the attached resolution has not changed. Therefore, staff recommends that the Committee approve the attached resolution to direct the continued use of teleconferencing for its public meetings to enable social distancing, as long as the findings required by AB 361 are met and other provisions of the Brown Act are followed. The Committee will need to revisit the need to conduct meetings remotely at least every 30 days following adoption of the attached resolution.
RECOMMENDATION

Adopt resolution #PA 2021-02.

Attachment: Programs & Administration Committee Resolution #PA 2021-02
PROGRAMS & ADMINISTRATION COMMITTEE
RESOLUTION #PA 2021-02

MOVED:
SECONDED:

AT THE MEETING HELD DECEMBER 9, 2021

WHEREAS, in response to the COVID-19 pandemic, the Governor adopted a series of Executive Orders allowing the legislative bodies of local governments to meet remotely via teleconference so long as other provisions of the Brown Act were followed; and

WHEREAS, on September 16, 2021, the Governor signed into law as an urgency measure, AB 361, which allows for the continued use of remote meetings by local legislative bodies subject to certain conditions, which must be reconsidered every 30 days; and

WHEREAS, the Programs & Administration Committee has considered the current state of health guidance related to public meetings in Alameda County and finds it necessary to continue with remote meetings to promote public health and safety.

NOW THEREFORE BE IT RESOLVED, that the Programs & Administration Committee approves and directs the continued use of teleconferencing for its public meetings based on the following findings required by Government Code Section 54953(e), as amended by AB 361:

- The entire State of California remains under a proclaimed state of emergency as declared by the Governor of the State of California related to the COVID-19 pandemic.
- State and local officials have imposed or recommended measures to promote social distancing. For example, on September 23 the Alameda County Health Care Services Agency Director recommended social distancing at all meetings of the Board of Supervisors and its committees. This recommendation is consistent with the Division of Occupational Safety and Health of California’s (Cal/OSHA) Emergency Temporary Standards, which require employers to train and instruct employees that the use of social distancing helps combat the spread of COVID-19 (8 Cal. Code Regs. 3205(c)(5)(D)).
- The state of emergency continues to directly impact the ability to meet safely in person. For example, given the constraints of the Program & Administration Committee’s available meeting spaces, social distancing is difficult without severely limiting space for members of the public to attend.
- The Committee anticipates this resolution will appear on its consent calendar for review and ratification or update at each regular Committee meeting for as long as the Governor’s proclaimed state of emergency related to the COVID-19 pandemic remains in effect and the Committee desires to continue remote public meetings.
BE IT FURTHER RESOLVED, that:

1. Programs & Administration Committee meetings will continue to be conducted remotely for the next 30 days in compliance with AB 361, to better ensure the health and safety of the public.

2. The Programs & Administration Committee will reconsider the circumstances of the state of emergency and the need to conduct meetings remotely at least every 30 days following adoption of this resolution.

3. If the Committee determines the need still exists at each 30-day mark, the determination will be ratified by a vote of the Committee documented in the minutes of that meeting.

Passed and adopted this 9th day of December 2021 by the following vote:

AYES:  
NOES:  
ABTAIN:

Recommendation:

Adopt the 2022 Meeting Schedule.
DATE: December 9, 2021

TO: Programs and Administration Committee

FROM: Pat Cabrera, Administrative Services Director

SUBJECT: Contract/Vendor Authorization

SUMMARY

At the December 9, 2021 Programs and Administration Committee meeting, staff will recommend approving the following new or augmented contracts and/or service agreements.

DISCUSSION

Expenditures listed below were approved by the Authority Board as part of the FY 21-22 budget or through a prior year encumbrance. However, since the Executive Director only has authority to approve contracts, purchase orders or other expenditures of funds to any one vendor or consultant up to $50,000 per fiscal year, expenditures in excess of this amount require additional Board approval. The request for this approval is generally included during the budget process and at mid-year if necessary.

Staff is requesting that the P&A Committee review and advance to the Waste Management Authority for approval the following contracts, contract augmentations and/or spending authority.

**SB 1383 Implementation Support**
- Cascadia Consulting Group $200,000
- Business and multifamily waste reduction support and SB 1383 compliance assistance.

**Property Management (Altamont Properties)**
- Paulo Farms $80,000
- Reimbursement to master grazing tenant who is coordinating and paying contractors for livestock water improvements. This work is partially funded by the Natural Resource Conversation Service Environmental Quality Incentive Program and a grant from the State Coastal Conservancy.
Carbon Farming
Paul Santucci $65,000
Contractor to spread compost for carbon farming project. WMA to be reimbursed by the Alameda County Resource Conservation District.

RECOMMENDATION

That the Programs and Administration Committee recommend that the WMA Board approve the contracts and/or vendors as listed above.
DATE: December 9, 2021  
TO: Programs and Administration Committee  
FROM: Meri Soll, Senior Program Manager  
SUBJECT: Reuse and Repair Stakeholder Workgroup and Grantee Highlight

SUMMARY
StopWaste convenes the Reuse and Repair Stakeholder Workgroup, which is comprised of Bay Area-based reuse, repair and redistribution leaders from both the nonprofit sector and private industry. The group works on best practices and policies that advance the recovery, reuse and distribution of recovered and repaired materials. At the December 9 Committee meeting, staff will provide an overview of the workgroup and highlight one of the participating organizations, Oakland-based Tech Exchange.

DISCUSSION
For over a decade StopWaste has provided funding and support to the reuse and repair industry in Alameda County to create and retain reuse and repair infrastructure and services. In 2017, staff convened the first Reuse and Repair Stakeholder Workgroup to engage organizations involved with reuse, repair and redistribution of goods to gain a better understanding of the opportunities and barriers that currently face the industry.

The quarterly meetings provide an opportunity for the local industry to meet one another, leverage current work and create industry partnerships.

Early in the pandemic, the workgroup transitioned from in-person networking meetings to virtual so that members could continue to collaborate, share funding opportunities, as well as other resources specific to the industry. Informal virtual tours were incorporated into the video calls, which allowed workgroup members to view facilities and provided a great way to stay connected and understand other businesses.

At the committee meeting, staff will provide additional information about the workgroup and introduce a guest presenter from Oakland’s Tech Exchange to share more about their work on providing free refurbished computers and digital literacy training to low-income families.
