Laura McKaughan, Source Reduction Specialist

Tianna Nourrot, Solid Waste Industry Representative

Dave Sadoff, ACWMA

Francisco Zermeño, ACWMA

Wendy Sommer, Executive Director

AGENDA

**MEETING OF THE
PLANNING COMMITTEE
AND**

ALAMEDA COUNTY RECYCLING BOARD

Thursday, July 9, 2020

7:00 P.M.

TELECONFERENCE MEETING

Teleconference/Public Participation Information to Mitigate the Spread of COVID-19.

This meeting will be entirely by teleconference. All Board members, staff, and the public will only participate via the Zoom platform using the process described below. The meeting is being conducted in compliance with the Governor's Executive Order N-29-20 suspending certain teleconference rules required by the Ralph M. Brown Act. The purpose of this order was to provide the safest environment for the public, elected officials, and staff while allowing for continued operation of the government and public participation during the COVID-19 pandemic.

Members of the public and staff who are not presenting an item may attend and participate in the meeting by:

1. Calling US: +1 669 900 6833 or +1 253 215 8782 or +1 346 248 7799 or +1 929 205 6099 or +1 301 715 8592 or +1 312 626 6799 and using the webinar id 894 7922 1708
2. Using the [Zoom](#) website or App and entering meeting code 894 7922 1708

Board members and any other individuals scheduled to speak at the meeting will be sent a unique link via email to access the meeting as a panelist. All Board members **MUST** use their unique link to attend the meeting. During the meeting the chair will explain the process for members of the public to be recognized to offer public comment. The process will be described on the StopWaste website at <http://www.stopwaste.org/virtual-meetings> no later than noon, Thursday, July 9, 2020. The public may also comment during the meeting by sending an e-mail to publiccomment@stopwaste.org prior to the close of public comment on the item being addressed. Each e-mail will be read into the record for up to three minutes.

In accordance with the Americans with Disabilities Act and the Governor's Executive Order, if you need assistance to participate in this meeting due to a disability, please contact the Clerk of the Board at (510) 891-6517. Notification 24 hours prior to the meeting will enable the agency to make reasonable arrangements to ensure accessibility to this meeting.

AGENDA

I. CALL TO ORDER

II. ROLL CALL OF ATTENDANCE

III. ANNOUNCEMENTS BY PRESIDENT

IV. OPEN PUBLIC COMMENT

An opportunity is provided for any member of the public wishing to speak on any matter within the jurisdiction of the Board, but not listed on the agenda. Each speaker is limited to three minutes.

Page V. CONSENT CALENDAR

1 1. Approval of the Draft Minutes of June 11, 2020 (Jeff Becerra)

5 2. Board Attendance Record (Jeff Becerra)

7 3. Written Report of Ex Parte Communications (Jeff Becerra)

VI. REGULAR CALENDAR

9 1. Reusable Bags during COVID-19 (Elese Lebsack)

This item is for information only.

13 2. Election of Second Vice President for 2020 (Arliss Dunn)

Elect a Second Vice President for the remainder of 2020.

15 3. Grants Supporting Upstream Projects (Meri Soll & Cassie Bartholomew)

This item is for information only.

DRAFT

**MINUTES OF REGULAR MEETING OF THE
PLANNING COMMITTEE
AND
ALAMEDA COUNTY RECYCLING BOARD**

Thursday, June 11, 2020

4:00 P.M.

TELECONFERENCE MEETING

I. CALL TO ORDER

President Deborah Cox called the meeting to order at 4:02 p.m. Jeff Becerra explained the process that would be utilized during the meeting. A link to the process is available here: [Virtual-Meetings-Instructions](#)

II. ROLL CALL OF ATTENDANCE

Jillian Buckholz, Recycling Programs
Bernie Camara, Recycling Materials Processing Industry
Bob Carling, ACWMA
Deborah Cox, ACWMA
Eric Havel, Environmental Educator
Darby Hoover, Environmental Organization
Tianna Nourot, Solid Waste Industry Representative
Jim Oddie, ACWMA
Dave Sadoff, ACWMA
Francisco Zermeño, ACWMA

Absent:

Laura McKaughan, Source Reduction Specialist

Staff Present:

Jeff Becerra, Communications Manager
Meghan Starkey, Senior Management Analyst
Farand Kan, Deputy County Counsel
Arliss Dunn, Clerk of the Board

Others Participating:

Judy Erlandson, City of Livermore
Lavonne Scroggs, Livermore Sanitation
Kathy Cote, City of Fremont
Peter Slote, City of Oakland

III. ANNOUNCEMENTS BY THE PRESIDENT

President Cox welcomed Eric Havel to the Planning Committee and Recycling Board. Mr. Havel will be serving in the category of Environmental Educator. Mr. Havel provided an overview of his background and experience.

IV. OPEN PUBLIC COMMENT

There were no public comments on the remote call and no public comments were received in the public comment email portal.

V. CONSENT CALENDAR

1. **Approval of the Draft Joint WMA/EC & RB Minutes of May 27, 2020 (Jeff Becerra)**
2. **Board Attendance Record (Jeff Becerra)**
3. **Written Report of Ex Parte Communications (Jeff Becerra)**

There were no public comments for the consent calendar. Board member Oddie made the motion to approve the consent calendar. Board member Buckholz seconded and the motion carried 10-0: (Ayes: Buckholz, Camara, Carling, Cox, Havel, Hoover, Nourot, Oddie, Sadoff, Zermeño. Nays: None. Abstain: None. Absent: McKaughan)

VI. REGULAR CALENDAR

1. **Final Report: Grant Report on Compost Contamination Reduction Pilot (Meghan Starkey)**
This item is for information only.

Meghan Starkey provided an overview of the staff report and presented a PowerPoint presentation, available here: [BAAQMD-Final-Report-06-11-20](#). Ms. Starkey acknowledged agency staff, Rachel Balsley and Kelly Schoonmaker, and introduced representatives from the external entities that participated in the Climate Protection Grants Program; Judy Erlandson, City of Livermore; Bernie Camara, Livermore Sanitation; and Lavonne Scroggs, Livermore Sanitation.

Board member Buckholz inquired if there was a survey conducted of the 9% of the businesses that chose not to participate, and did the cameras assist in right sizing the bins. Ms. Scroggs stated yes, the cameras did help with right sizing the bins and at times resulted in the customer requiring a smaller or larger bin. Ms. Scroggs stated that there was not a formal survey but through interactions with the businesses, they simply did not want to participate and were used to having someone sort the materials for them. Ms. Scroggs added that the less successful restaurants experience frequent turnover with dishwashers that result in inconsistent training and information on how to properly sort the materials. Ms. Scroggs stated that she offered to provide the necessary training upon request. Board member Carling commented that the goal was to have less than 1% contamination at the end of the study but the final number is 6%, which is still quite high. Ms. Starkey stated that the pilot illustrated that only 10% of the businesses are contributing to the 6% contamination and we would like to reduce the number to zero. Board member Carling commented that downloading the information three times a day seems like a daunting task. Ms. Scroggs stated that it can be time consuming depending on the amount of contamination in the bin but it also helps to inform her day and alerts her to which customers that may require a site visit. Board member Sadoff inquired if the photos were taken at the same time each day at each location and if they have noticed any trends with regard to when the contamination occurred or if it was random. Ms. Scroggs stated that there were no noticeable trends but there was consistency with the restaurants as their bags would be placed in the bins in the evening. Board member Sadoff stated that if they were interested and more funding became available, ACI has multiple cameras outside of their trucks pointing towards the loads that are being dumped that could possibly witness contamination at the time of the dump. President Cox inquired if there was any idea on the frequency of illegal dumping. Ms. Scroggs stated that there were

DRAFT

approximately 10-15 incidents of illegal dumping per quarter. Board member Zermeño inquired if there was any available funding for cameras for cities. Ms. Starkey stated that there is no funding available currently in the budget but with SB 1383 on the horizon that could be a possibility. Mr. Becerra added we could look at Measure D to see if those funds can possibly be used for cameras.

There were no public comments on this item. President Cox thanked Ms. Starkey for her presentation.

2. Municipal Panel: COVID-19 Impacts on Member Agencies (Meghan Starkey)

This item is for information only.

Meghan Starkey provided an overview of the staff report and introduced the panelists: Kathy Cote, City of Fremont; Judy Erlandson, City of Livermore; and Peter Slote, City of Oakland. The panelists shared the impacts that COVID-19 and the associated health orders have had on their cities, specifically on solid waste and recycling, as well as on environmental programs generally. A link to the staff report is available here: [Covid-Impacts-Municipal-Panel.pdf](#). A link to the discussion is available here: [Municipal-Panel-COVID-19-Impacts](#)

There were no public comments on this item. President Cox thanked the panelists for their participation.

VII. MEMBER COMMENTS AND COMMUNICATIONS FROM THE EXECUTIVE DIRECTOR

Mr. Becerra thanked Board member Camara and Oddie for their service on the Board. Mr. Becerra announced that the Board of Supervisors had appointed Lillian Carrell from ACI Industries to serve as the replacement for Board member Camara. Ms. Carrell will be attending the July Board meeting. President Cox extended condolences to Wendy Sommer (in absentia) on the recent passing of her mother.

VIII. ADJOURNMENT

The meeting adjourned at 5:20 p.m.

DATE: July 9, 2020
TO: Recycling Board
FROM: Jeff Becerra, Communications Manager
SUBJECT: Written Reports of Ex Parte Communications

BACKGROUND

Section 64.130 (Q)(1)(b) of the Alameda County Charter requires that full written disclosure of ex parte communications be entered in the Recycling Board's official record. At the June 19, 1991 meeting of the Recycling Board, the Board approved the recommendation of Legal Counsel that such reports be placed on the consent calendar as a way of entering them into the Board's official record. The Board at that time also requested that staff develop a standard form for the reporting of such communications. A standard form for the reporting of ex parte communications has since been developed and distributed to Board members.

At the December 9, 1999 meeting of the Recycling Board, the Board adopted the following language:

Ex parte communication report forms should be submitted only for ex parte communications that are made after the matter has been put on the Recycling Board's agenda, giving as much public notice as possible.

Per the previously adopted policy, all such reports received will be placed on the consent calendar of the next regularly scheduled Recycling Board meeting.

DATE: July 9, 2020

TO: Programs and Administration Committee
Planning Committee/Recycling Board

FROM: Elese Lebsack, Program Manager

SUBJECT: Reusable Bags during COVID-19

SUMMARY

The June 18 update of the Alameda County Shelter in Place Order now allows consumers to bring their own reusable bags, cups and other items into stores. At the July 9 Programs and Administration Committee and Planning/Recycling Board meeting, staff will provide an overview of the recent changes and impacts for shoppers and local businesses in Alameda County.

DISCUSSION

The Alameda County Shelter in Place Order ([Appendix A, pg. 6](#)) revised on June 18 provided updated language that allows consumers to bring their own reusable bags, mugs, or other reusable items from home if they do not require handling by employees. This update came after two months' of restrictions on consumers bringing any reusable items into stores. Berkeley's Health Officer Order ([Appendix A, pg. 7](#)) allows reusables, but does not allow them to be placed on surfaces.

Additionally, the Governor's [Executive Order](#) (see "hot topics" sidebar) that temporarily suspended portions of the statewide single-use carryout bag ban (SB 270) expired on June 22. Therefore, retail stores are once again required to charge customers \$0.10 for every reusable bag or recycled paper bag provided at checkout.

Stores and eating establishments have been under enormous pressure to address the ever-changing requirements to protect employee and public health; resuming the practice of accepting customers' reusable bags may not occur immediately at all businesses. We have been in contact with the California Grocers' Association and they confirmed that some businesses may have purchased single-use bags when paper and reusable bags were more challenging to stock early in the pandemic, but that inventory of paper and reusable plastic bags is back to about 85% of pre-pandemic stock levels.

We have temporarily suspended enforcement of the Reusable Bag Ordinance and are not penalizing businesses for use of non-compliant bags during this temporary suspension. When we resume, it will be

done in a manner that is consistent with state and local guidance, and we will provide 30 days' notice to stores of when the change will take place.

As a result of both local and state updates, staff have developed the attached resource for the Reusable Bag Ordinance website, [Reusable Bag Questions during COVID-19](#), to educate the public about the current status of reusables and address the most common inquiries we have received during Shelter in Place. Staff have shared the resource via the ReusableBagsAC.org and StopWaste.org websites, via social media, and with member agencies via the Technical Advisory Committee (TAC).

RECOMMENDATION

This item is for information only.

Attachments: Reusable Bag Questions During COVID-19

Neighboring Counties: Status of Reusables During COVID-19

Reusable Bag Questions During COVID-19

Good news for reusable bags! On June 18, 2020 the Alameda County Public Health Department updated their [Shelter in Place Order \(20-14, Appendix A\)](#). **Customers are now permitted to bring their own bags, mugs, or other reusable items from home if they do not require handling by employees.** People can place them in carts and/or baskets, but they will need to bag their own groceries. Stores and eating establishments have been under enormous pressure to address the ever-changing requirements to protect employee and public health; resuming the practice of accepting customers' reusable bags may not occur immediately at all businesses. Please review the following FAQ for more information regarding reusable bags:

1. Why are some stores allowing customers to use their reusable bags but others do not?

Stores are adapting to constant changes in local and state regulations to protect employee and public health. On June 18, 2020 the Alameda County [Health Officer Order](#) (Appendix A, p. 6) was revised to allow customers to bring in their reusable bags if they do not require handling by employees. Some stores may need more time to make changes in their policies and procedures, and some stores may not be aware of the change yet. Please be patient during this complicated time.

2. Can stores still charge me for a bag even though they won't allow me to bring my own?

Yes, stores can charge for any bag they provide. However, some stores or employees may not be aware of the most recent change, and as a customer, you may ask them to allow you to use your own bag per the local [Health Officer Order](#) (Appendix A, pg. 6).

3. My local restaurant is giving out thin, single-use plastic bags. Can they do that?

Local and state bag laws do not allow single-use carryout bags to be provided by affected businesses throughout California. We recognize that many businesses are experiencing supply chain disruptions, and this has affected carryout bag inventory. Some businesses may have purchased single-use bags when paper and reusable bags were more challenging to stock early in the pandemic. We have temporarily suspended enforcement of the Reusable Bag Ordinance and are not penalizing businesses for use of non-compliant bags during this temporary suspension. Consider letting stores and restaurants know you would like them to stop distributing single-use bags, so they know their customers don't want thin plastic bags.

4. How can I learn more about the safety of using reusable bags during COVID 19?

Some reliable sources of information about reusable bags, cups and other items include:

- [Over 115 Health Experts Sign Statement Addressing Safety of Reusables During COVID-19](#)

- Encouraging stores to resume compliance with county's [carryout bag ordinance](#).

DATE: July 9, 2020

TO: Alameda County Source Reduction and Recycling Board

FROM: Arliss Dunn, Clerk of the Board

SUBJECT: Election of Second Vice President for 2020

SUMMARY

The Recycling Board needs to elect a new Second Vice President to replace Jim Oddie, who has termed out and vacated his seat on the Recycling Board.

DISCUSSION

The Rules of Procedure call for election of officers in December for the next calendar year, "...or such other time as the Board may decide when an officer departs the Board." The Board's past practice has also been to alternate WMA and Board of Supervisors appointees for each position; that is, if the President is a WMA appointee then the First Vice President would be a Board of Supervisors appointee and the Second Vice President would be a WMA appointee. Currently, Deborah Cox (WMA) is President and Jillian Buckholz (BoS Appointee) is First Vice President. The Board is not obligated to follow past practice.

RECOMMENDATION

Elect a Second Vice President for the remainder of 2020.

This page intentionally left blank

DATE: July 9, 2020

TO: Programs and Administration Committee
Planning Committee/Recycling Board

FROM: Meri Soll, Senior Program Manager
Cassie Bartholomew, Program Manager

SUBJECT: Grants Supporting Upstream Projects

SUMMARY

The Agency’s guiding principles identify upstream (waste prevention) activities as an area of emphasis. Staff has been working on a number of programs that offer grant funding for projects that focus on upstream activities including waste prevention, recovery for reuse, redistribution, deconstruction, and repair. This memo provides an overview of Agency grants awarded throughout fiscal year 2019-20.

DISCUSSION

StopWaste takes several approaches to support and improve recovery, salvage, reuse, repair, and redistribution infrastructure in Alameda County. We have been providing grant funding specifically for entities implementing these types of activities for several years to ensure upstream infrastructure and services are available to Alameda County residents and businesses. StopWaste funding provides an opportunity to both for-profit and nonprofit organizations to jump start an idea or advance concepts that encourage source reduction measures over recycling/composting/landfill.

For the first time this year, multiple grant projects—Reuse and Repair, Food Waste Reduction, Reusable Transport Packaging, and Food Recovery Equipment—combined solicitation efforts to broaden reach and improve marketing efficiency. Additional grants awarded this fiscal year include Community Outreach grants, Mini Grants, and COVID Emergency Food Rescue grants.

At the start of Shelter in Place, staff identified a need for support within our existing food recovery community. Up to \$5,000 in supplemental grant funding was offered to 13 previously funded Food Waste Reduction and Food Recovery Equipment grantees to help cover increased costs due to COVID-19 and growing food insecurity in the county. Nine grantees from FY 18-19 were awarded additional funding from FY 19-20 totaling \$45,000.

A summary of grant categories funded in FY 19-20 can be found in the following table, and a complete list of projects is provided in Attachment A. Staff will provide additional information and selected grantee highlights at the July 9 meeting.

Grant Category	19-20 Funds Awarded
Reuse and Repair	\$245,000
Food Waste Reduction	\$165,000
Community Outreach	\$50,000
COVID Emergency Food Rescue	\$45,000
Reusable Transport Packaging Equipment	\$39,820
Food Recovery Equipment	\$22,970
Mini Grants	\$15,000
Total:	\$582,790

RECOMMENDATION

This item is for information only.

ATTACHMENT A:

Fiscal Year 2019-20 Funded Grant Projects

Attachment A – Fiscal Year 2019-20 Funded Grant Projects

A. Reuse and Repair Grants: \$245,000

Grantee	Location	Amount	Description
African People's Education and Defense Fund, Inc.	Oakland	\$10,000	The African People's Education & Defense Fund (APEDF) develops and institutionalizes programs to defend the human and civil rights of the African (black) community. Funds will be used to sponsor workshops to train volunteers to transform reclaimed furniture into beautiful redesigned items to be sold at the Uhuru furniture store in Oakland.
Alameda Natural Grocery / East Bay Natural Grocers	Alameda	\$10,000	East Bay Natural Grocers, Inc. is comprised of three locally owned, independently operated and certified green food retailers, including two natural foods stores and one food service operation. Funds support a pilot project to implement reusable food containers for the transportation of hot and cold foods from their eatery Tomato, as well as for bulk and baked goods. Project will commence when County Health Order allows bulk food and buffet service.
California Product Stewardship Council	Countywide	\$5,000	The California Product Stewardship Council (CPSC) is a nonprofit organization working to create a shift in California's product waste management system to one that relies on producer responsibility in order to reduce public costs and drive improvements in product design. Grant funds will be used to conduct research relating to potential opportunities and infrastructure for the reuse of solar panels in Alameda County and the Bay Area.
Civicorps	Oakland	\$20,000	Civicorps is a West Oakland based nonprofit whose mission is to re-engage young adults, ages 18-26, to earn a high school diploma, gain job skills, and pursue college. They offer training in Environmental Management and Recycling as well as operate East Bay's only charter school designed to serve the needs of young adults. Grant award will provide funds to pay 50% of internship wages for two Civic Corps members to learn computer refurbishment skills. Internships are through their Conservation Career Pathways project at the Tech Exchange computer refurbishment center.
Community Action for a Sustainable Alameda and CASA Youth	Alameda	\$10,000	CASA is a community-wide coalition dedicated to raising awareness, mobilizing community action, and facilitating the implementation of programs to achieve the goals of the City of Alameda's Climate Action and Resiliency Plan and to increase community sustainability and well-being. Funds will support CASA and CASA Youth to develop and pilot a Reusables To-Go Pilot Program to dramatically reduce disposable food ware waste in Alameda's downtown Park Street district.
Corporate eWaste Solutions	Countywide	\$15,000	Corporate eWaste Solutions is a Hayward based certified electronics reuse and recycling provider. Reuse and Repair grant funds will allow the repair and refurbishment of lightly damaged laptops which would normally be recycled. These laptops will be donated to Goodwill Industries of the Greater East Bay to distribute to low income families in Alameda County.
East Bay Depot for Creative Reuse	Countywide	\$10,000	The mission of The East Bay Depot is to divert waste materials from landfills by collecting and redistributing discarded goods as low-cost supplies for art, education, and social services at the Oakland based Depot Store. Grant funds will provide operating support to collect, store, and redistribute materials for the Depot Store.

Ecology Center	Berkeley	\$15,000	The Ecology Center's mission is to inspire and build a sustainable, healthy, and just future for the East Bay, California, and beyond. They transform the ideals of sustainability into everyday practice. Grant funds for expansion and continuation of the Reusable Cup Pilot, implementing the Vessel Reusable Cup system into additional cafes and eating establishments in Alameda County. Project will commence when County and City Health orders allow project activities.
Fixit Clinic	Countywide	\$10,000	Fixit Clinic organizes community repair event in Alameda County and throughout the United States. Funding will allow Fixit Clinic to respond to the rapidly evolving social and economic changes due to the COVID-19 pandemic and economic disruption by migrating to online community virtual repair events. Fixit Clinic will also provide their "Rapid Response Repair" program to Alameda County municipalities, medical facilities, and schools to support repair and maintenance of large scale equipment and property.
Hively	Countywide	\$10,000	Hively believes that every family should have the resources and support to ensure that children get the best start possible including counseling and other resources they need to thrive. Grant funds will be used to expand and improve their Oakland and Pleasanton based program that collects big box store returns as well as gently used household items and clothing donations for redistribution to families in need.
Kala Art Institute	Alameda, Albany, Berkeley, Emeryville, Oakland	\$10,000	Kala Art Institute's mission is to help artists sustain their creative work over time through artist residencies and to engage the community through exhibitions, public programs, and education. Funds will be used to repair large scale printmaking and digital equipment to prevent the items from being recycled and/or landfilled, as well as purchase an industrial washer/dryer so they can switch to reusable rags.
Oakland First Fridays	Oakland	\$10,000	Oakland First Fridays is an immersive art and community experience on the first Friday of each month. This event includes artist collectives, street artists, local culinary artisans and beverages as well as food trucks. Funds encumbered to support reusable infrastructure at First Friday events when County Health Order allows for large group activities to resume.
Loved Twice	Countywide	\$10,000	Loved Twice believes every newborn baby deserves to have clothes for their first year of life—one of life's basic necessities. Loved Twice provides clothing for newborns in need with quality reused baby clothing. Grant funds will be used to collect gently-used baby clothes, sort the garments into boy and girl wardrobes-in-a-box, and distribute them exclusively through social workers in hospitals, shelters, and clinics.
MedShare	Countywide	\$20,000	MedShare is a nonprofit humanitarian aid organization dedicated to improving the quality of life of people, communities and our planet by sourcing and directly delivering surplus medical supplies and equipment to communities in need around the world. Grant funds will support their Biomedical Equipment Lab which will prevent functioning medical equipment from ending up in landfill by testing, refurbishing, and repairing equipment to be distributed locally and internationally to those in need to save lives.

Orta Kitchen Garden	Alameda	\$10,000	Orta's mission is to help people grow their own plants from seeds and cuttings which reduces plastic waste from nursery pots and provides a successful, satisfying zero-waste experience. Grant funding will allow Orta Kitchen to build a trimming machine that will reduce waste and increase labor productivity by streamlining production and operations, reducing labor costs, and creating greater organizational capacity.
Resource Area For Teachers (RAFT) -	Countywide	\$10,000	RAFT provides materials, kits, and curriculum for students and teachers using salvaged and reusable materials donated by companies and manufacturers. Grant funds will provide 2,500 activity kits and online education curriculum to support remote learning for Title 1 schools. In addition, funds will help secure and collect material donations from Alameda County manufacturers for reuse in their large warehouse and educational kits.
Re-Up Refill Shop	Alameda, Berkeley, Emeryville, Oakland, Piedmont	\$15,000	The ReUp Refill shop in Oakland allows customers to get bath, body, kitchen, and cleaning products in refillable containers, reducing waste from single-use plastics. Funds will allow the shop to purchase a pre-owned electric bike for sustainable deliveries and refurbish a used shipping container to provide storage of large scale inventory items such as 55 gallon drums.
Surplus Service	Countywide	\$15,000	Surplus Service provides the highest and best end of life solutions for e-waste, via refurbishment and reuse of electronics rather than recycling or sending them to the landfill. Funds will be used to expand their BioMed group to refurbish medical equipment that may have otherwise been landfilled or recycled. Adding the capability of refurbishing medical equipment to their existing operation will divert thousands of pounds from landfill and recycling streams.
The Crucible	Alameda	\$5,000	The Crucible inspires creative exploration with hands-on arts education and experiences for people of diverse ages and backgrounds. Grant funds will be used to purchase an industrial washing machine and dryer which will allow them to clean welding jackets, rags, tablecloths, and ceramics class textiles onsite, instead of sending them to landfill.
The Plant Exchange	Countywide	\$5,000	The Plant Exchange's mission is to divert large amounts of usable plants from the landfill or organics stream by developing partnerships with retail/wholesale distributors and contractors who provide The Plant Exchange with donations of unused plants. Funds will be used to support ongoing operations for donated plant pickups.
Transition Berkeley	Berkeley	\$10,000	Transition Berkeley's mission is to bring community together to build a more equitable, sustainable, and resilient future for Berkeley. Funds will be used to work with Cal Berkeley's Engineers for a Sustainable World Students to develop curriculum focused on repair for Cal students, including waste stream education, product design, circular economy, and repair. Class will provide practical hands-on learning about how to diagnosis and repair electronics, small appliances, bicycles, clothing, and furniture.
Waterside Workshop	Countywide	\$10,000	Waterside Workshop's 'Street Level Cycles' program is a youth job-training program that repairs and sells discarded bicycles, and provides a free do-it-yourself public bike repair shop. Rebuilt bicycles provide green transportation for low-income youth and adults, and bicycle sales help support their free education programs. Funds will support staff for operations and youth instruction.

B. Food Waste Reduction Grants: \$165,000

Grantee	Location	Amount	Description
Abode Services	Countywide	\$20,000	Abode's mission is to end homelessness by assisting low-income, un-housed people, including those with special needs, to secure stable, supportive housing, and to be advocates for the removal of the causes of homelessness. Funds will support the food delivery program that recovers surplus food from local partner grocery stores and redistributes to homeless and very low-income residents in Alameda County through Abode's owned and operated housing sites.
Alameda County Deputy Sheriffs' Activities League (DSAL)	Countywide	\$20,000	The Alameda County Deputy Sheriff's Activities League's (DSAL) mission is to build on natural, human, social, economic, built, political, and cultural capital to create safer, healthier communities. Funds will support DSAL's social enterprise, Dig Deep Farms, and their Food Hub distribution facility to operate efficient aggregation, sorting, processing and packaging of recovered food for distribution to food-insecure residents.
Daily Bowl	Fremont, Hayward, Newark, San Leandro, Union City	\$17,000	Daily Bowl's mission is to recover blemished and excess produce destined for waste and rapidly redistribute to local agencies catering to our less fortunate and hungry community members. Funds will be used to glean produce and prepared food from commercial establishments, grocery stores, and eating establishments and distribute to local non-profit food pantries.
Hope 4 the Heart	Countywide	\$20,000	Hope 4 the Heart serves over 14,000 local low-income families per month by providing food, produce, diapers, and household items. Funds will be used to purchase a new box truck to support an increase of over 60,000 lbs per month of donated food from local stores, as well as the increased need for food delivery to low-income housing.
McGee Avenue Baptist Church Center for Food, Faith & Justice	Berkeley, Oakland	\$18,000	The McGee Center for Food, Faith & Justice (CFFJ) provides an innovative, community-centered network of food sourcing and distribution to alleviate the problems of hunger and poor nutrition in Berkeley. Funds will support CFFJ's Food Recovery Program that recovers food that would otherwise have gone to waste from food retailers, distributors, and producers in Berkeley and nearby municipalities, and redistribute through an on-site pantry and meal program serving residents experiencing food insecurity.
Chefs to End Hunger	Countywide	\$20,000	Chefs to End Hunger facilitates the recovery and redistribution of surplus food from food service operators and wholesale distributors to local organizations that serve the food insecure. Funds will be used to grow the list of foodservice operator partners with substantial surplus food in Alameda County, as well as another non-profit agency that can support food distribution.
Replate	Alameda, Berkeley, Emeryville, Oakland	\$10,000	Replate's technology platform enables businesses to schedule on-demand pickups for their surplus food and activates the community to reliably redistribute surplus food to those experiencing food insecurity. Funds will be used to increase Replate's presence in Alameda County through automated dispatching that will improve efficiency, optimize routes, and free up staff time for building partnerships.

The Berkeley Food Network	Albany, Berkeley	\$20,000	The Berkeley Food Network aims to provide an innovative, community-centered network of food sourcing and distribution to alleviate the problems of hunger and poor nutrition in Berkeley. Funds will be used to further develop the Food Recovery Program, which recovers food that would otherwise have gone into the waste stream from food retailers, distributors, and producers in Berkeley and nearby municipalities. Increased food recovered will be used in the pantry program as well as grow the Hub Kitchen Program to provide at least 1,500 meals a week.
Tri-Valley Haven	Countywide	\$20,000	Tri-Valley Haven serves as a vital community resource serving adults and children who have experienced domestic violence, sexual assault, or homelessness. Funds will support on-site food pantry operations as well as expand the Mobile Food Pantry efforts from monthly to bi-monthly, as need increases due to the Coronavirus pandemic.

C. Community Outreach Grants: \$50,000

18 Reasons	Berkeley, Hayward, Oakland, San Leandro	\$10,000	18 Reasons empowers community with the confidence and creativity to buy, cook, and eat good food every day. Their Cooking Matters program, which provides training to neighborhood leaders to teach cooking/nutrition to East Bay families, will engage their board, staff, and peer educators (Health Promoters) in a one-week Stop Food Waste Challenge and share those educational tips at their cooking workshops.
A-1 Community Housing Services	Hayward	\$5,000	A-1 Community Housing Services provides programs targeting the issues of homelessness; financial education, first-time home buyer education, relocation assistance, foreclosure prevention, and credit management. Enlisted 20 clients to do their own Fridge Reality Check and shared six educational tips. Working with grantee to provide presentation in Spanish.
All Saints Catholic Church	Castro Valley, Hayward, San Leandro, Union City	\$5,000	Church in Hayward serving neighboring communities. Educating parish committees who serve food on site about food waste prevention tools. Funds to support food and reusables for daily meals for homeless people at the Church.
Berkeley Student Food Collective	Berkeley	\$10,000	Student run collective works to provide groceries and prepared meals for the UC Berkeley community. Project to engage student volunteers in a one-week Stop Food Waste Challenge and ongoing promotion of educational tips. Funds will support prepared meal pop-ups at various campus locations.
Eden Garden	Livermore	\$10,000	Eden Garden provides fresh, organic food for those in need and gives people a hands on opportunity to learn about growing their own food. Engaged 25 Eden Garden, Crosswinds Church, and community members in the first one-week Stop Food Waste Challenge. Plan to hold culminating event with how-to tip stations at harvest celebration. Funds will be used to improve garden infrastructure and grow more food.
Fremont LEAF	Fremont	\$5,000	Local Ecology and Agriculture Fremont brings people together to grow healthy, pesticide-free food and to learn about environmentally sustainable gardening and urban farming practices. SWEET graduates initiated this grant with two food waste reduction workshops, reaching over 70 people. Enlisted 20 attendees to do their own Fridge Reality Check and continue to

			post educational tips on food waste. Funds used to support multi-media tools for LEAF.
McGee Ave. Baptist Church	Berkeley	\$5,000	Engaged 20 members of the church and community to do their own Fridge Reality Check and share 6 educational tips throughout the year. Funds to support the church's ongoing meal program - serving 300 people weekly and expanding their edible garden.

D. COVID Emergency Food Rescue Grants: \$45,000

The following nine organizations were funded in the previous fiscal year, 18-19, to support food recovery efforts in Alameda County. They were each awarded \$5,000 of additional grant funding in FY 19-20 to help cover increased costs due to COVID-19 and growing food insecurity. Additional information about these grantees and the grant-funded projects can be found on the [Previously Funded Grants](#) page at StopWaste.org.

Arsola's Distribution Center and Community Services, Daily Bowl, East Bay Food Justice Project, Faces of the East Bay, Food of God, Replate, Tri-City Volunteers, Tri-Valley Haven, and Viola Blythe Community Services Center

E. Reusable Transport Packaging Equipment: \$39,820

Grantee	Location	Amount	Description
Biologic Environmental Services & Waste Solutions	Countywide	\$9,320	Biologic Environmental Services & Waste Solutions is an in-County medical waste service provider. Funds will be used to replace cardboard boxes and wooden pallets with 36 reusable plastic totes for transporting medical waste from approximately 700 medical facilities located throughout California, 130 of which are located in Alameda County. The medical waste will be transported in the reusable containers to an incinerator where they are unloaded, then the totes are returned to Biologic to be sanitized for reuse. It is estimated that the reusable totes will prevent the purchase, use, and incineration of 19,440 lbs of cardboard boxes and wooden pallets annually.
Commex Corporation	Hayward, Union City	\$10,000	Commex Corporation provides food grade plastic film for packaging. Grant funds will be used to replace single-use wooden pallets with 138 reusable pallets to transport shipments of film plastic to Emerald Packaging in Union City. The reusable pallets will prevent the purchase, use, and disposal of approximately 16.5 tons of wooden pallets annually.
Corporate eWaste Solutions	Countywide	\$3,500	Corporate eWaste Solutions is a Hayward based certified electronics reuse and recycling provider. Equipment grant funds will be used to replace limited-use cardboard gaylords, wooden pallets, and plastic wrap with reusable moving carts and pallet wrap to transport electronics from Alameda County clients and e-waste collection events to their Hayward warehouse. The 15 reusable office carts and pallet wraps will prevent the purchase, use, and disposal of roughly 18,180 lbs of cardboard gaylords, wooden pallets, and plastic wrap annually.
Philz Coffee	Alameda	\$7,000	Philz Coffee is a coffee roaster retailer with over 50 coffee shops, as well as wholesale and online roasted coffee sales. Funds will be used to replace single-use plastic pallet wrap with 48 reusable pallet wraps for weekly shipments of coffee beans from their third-party warehouse in San Leandro to the Philz Coffee Roasting Plant in Oakland. It is estimated that the reusable pallet wraps

			will prevent the purchase, use, and disposal of disposal of 1,822 lbs of plastic pallet wrap each year.
Riverdog Farm	Alameda, Albany, Berkeley, Oakland	\$10,000	Riverdog Farm is a 450 acre certified organic farm located in Capay Valley. Funds will be used to replace waxed cardboard boxes with 1,060 reusable plastic totes to transport produce to Alameda County farm box customers. The reusable totes will prevent the purchase, use, and disposal of approximately 8,750 lbs of waxed cardboard boxes and 52 rolls of butcher paper annually.

F. Food Recovery Equipment: \$22,970

Grantee	Location	Amount	Description
San Leandro Community Food Pantry	Castro Valley, Hayward, Oakland, San Leandro	\$8,500	San Leandro Community Food Pantry is a volunteer run organization that provides food for the marginalized members of their community. Grantee will purchase a commercial freezer, refrigerator, and shelving to increase capacity of recovered surplus food.
Bay Area Community Health	Fremont, Hayward, Oakland, San Leandro, Union City	\$3,800	Bay Area Community Health's mission is to work with community churches, neighbors, and volunteers to end hunger. Grantee will purchase reusable pallets and thermal blankets to reduce their waste footprint while also increasing safety and efficiency in food storage and distribution.
Tri-City Health Center	Fremont, Newark, Union City	\$6,300	Tri-City Health Center's (TCHC) mission is to deliver excellent health services in a caring, nurturing, and respectful atmosphere while improving the quality of life for every patient. Grantee will purchase a new refrigerator, reusable coolers, and reusable plastic bins to reduce the use of disposable transport packaging and also support the safe and efficient collection of surplus edible food for their Food Farmacy program.
Tri-City Volunteers, Inc.	Fremont	\$4,370	Tri-City Volunteers' (TCV) mission is to eliminate hunger and promote self-sufficiency in Alameda County by distributing food and providing volunteer opportunities to improve the quality of life for all. Grantee will purchase reusable totes to be used in three Mobile Food Pantry vans. These totes will allow TCV to reduce their waste footprint and create a more efficient storage and distribution system.

G. Mini Grants: \$15,000

Grantee	Location	Amount	Description
Maker Nexus	Countywide	\$5,000	Maker Nexus is a nonprofit organization with 3D printers, a wood shop, tools, and sewing machines that, pre-COVID, was a maker space for the Silicon Valley community. When COVID-19 began, the maker space was closed and pivoted to organizing 3D printing of personal protective equipment. Funds will be used to purchase 2,300 pounds of recycled content PET plastic sheeting from Alameda County manufacturer to make 3,000 face shields and 2 replacement lenses. Face shields will be donated to healthcare and other essential workers in Alameda County.
Metro Lighting	Berkeley	\$5,000	Metro Lighting is a retail lighting store located in Berkeley. Funds will be used to procure and install a press-molding glass production table and equipment to expand Metro lighting's

			capability to create and sell lamp shades produced from recycled glass cullet.
Museum of Tomorrow	Berkeley	\$5,000	Inspired by the current trend of popular pop-up museums, Museum of Tomorrow portrays climate change via an innovative approach. Funds to support pop-up museum at the David Brower Center, which includes an interactive display to educate and inspire people to change their daily behaviors to a more sustainable approach.
