My (Re)Generation Action Story:

Recycle, reuse, reduce and READ!

Reading is really important to us because it teaches and helps our brain to understand and learn new things. It's so much fun to read and there is so many books that fits everyone's interest. We hope to inspire other children all around the world to read. Which is why we started our podcast! We hope to inspire you to read, recycle, reuse and reduce to help save the planet.
