NOTES
<sup>1</sup> Indoor systems are various container styles, types, and sizes for central collection stations indoors.
<sup>2</sup> Deskside Bins are containers that specifically fit underneath and/or next to desks.
<sup>3</sup> Rolling Toters are generally two to four wheeled rolling containers typically used for larger volumes and/or mechanically emptied.
<sup>4</sup> Outdoor Systems are multiple collection units for outdoor applications
<sup>5</sup> Recycled Content means postconsumer recycled materials are used in the manufacture of the products.
<sup>6</sup> Manufacturer means the containers are manufactured by the company listed.

**Disclaimer:**

These tables list a sampling of suppliers and purchasing information for recycling, composting, and trash containers and decals. Product information is supplied by the manufacturer and distributors and is not verified. Exercise sound judgement and research products for your specific applications. The listings are not comprehensive or a recommendation or an endorsement for particular products.
