REUSE AND REPAIR STAKEHOLDER

MEETING MINUTES

StopWaste is the Alameda County Waste Management Authority, the Alameda County Source Reduction and Recycling Board, and the Energy Council operating as one public agency.

Thank you to those members who were able to join us last Friday. Great to “see” everyone, albeit virtually!

We had great virtual tours and conversations relating to the current status of reuse and repair here in the Bay Area. For those of you that were unable to attend, we did record the Zoom call including virtual tours at Bay Area Redwood and ReUp Refill Shop. Please take a minute and check out the meeting at: <https://youtu.be/eUxFl6v9pP8>

Member Agencies:

- Alameda County
- Alameda
- Albany
- Berkeley
- Dublin
- Emeryville
- Fremont
- Hayward
- Livermore
- Newark
- Oakland
- Piedmont
- Pleasanton
- San Leandro
