

CLIMATE ACTION FOR HEALTHY COMMUNITIES

HEALTHY SOIL • HEALTHY FOOD • HEALTHY CLIMATE • HEALTHY PEOPLE

Join us at our spring Open House and get inspired to take action! With activities, demonstrations, and displays, participants will gain the resources and tools they need to promote sustainability and the 4Rs back in their school communities and beyond. You'll also get to meet incredible people doing incredible things in our community.

Jessica Jane Robinson
a.k.a. Resilience

Story Time with Resilience

Meet Resilience, a superhero who's journey to save their home planet sheds light on how individual choices and daily actions contribute to the planet for better or worse. Resilience will host a reading of their book, an activity booth, and will be available to sign copies of their latest book.

Wanda Stewart
a.k.a. MamaWanda

Worm Bin Training with Mama Wanda

Common Vision, a local nonprofit working to improve access to high quality and culturally appropriate foods, is offering worms and worm bins to Alameda County educators and families. MamaWanda will teach how to set up and care for a worm bin and you'll be able to take your bin home!

Agenda

10:30am	Doors Open
11:00-11:45am	Story Time with Resilience
11:45-12:30pm	Transfer Station Tour
12:30-1:30pm	Take Action Tables & Activities
1:30-2:30pm	Worm Bin Training

Teachers, families, and youth are encouraged to come! If under 18, please come with a parent or guardian.

**Take a tour of the
transfer station**

**Meet and connect with
local superheroes**
