

StopWaste Action Network Presents:

FALL OPEN HOUSE

A school year taking action kick off celebration!

Connect with the StopWaste and begin a new year of learning and action.

This year's Open House aims to empower educators and youth to create the future that we envision together through climate action. With activities, demonstrations, and displays, participants will gain the resources and tools they need to promote sustainability and the 4Rs back in their school communities and beyond. Dare to be inspired!

**Take a tour of the
facility**

**Meet and connect
with other educators**

**Create reuse art to
inspire action**

**Sign up for an
Action Kit**

Saturday, October 21, 2023 | 10:00am to 1:00pm
StopWaste Education Center at the Davis Street Transfer Station
2615 Davis St. | San Leandro, CA 94577
