INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Alameda County Waste Management Authority, Alameda County Source Reduction and Recycling Board and Energy Council Oakland, California

Report on Financial Statements

We have audited the accompanying financial statements of the Alameda County Waste Management Authority, Alameda County Source Reduction and Recycling Board and Energy Council (Agency) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Agency's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Agency as of June 30, 2014, and the change in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to this information in accordance with generally accepted auditing standards in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Agency's basic financial statements as a whole. The Supplemental Information as listed in the Table of Contents are presented for purposes of additional analysis and are not required parts of the basic financial statements.

The Supplemental Information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards in the United States of America. In our opinion, the Supplemental Information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated January 12, 2015 on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Agency's internal control over financial reporting and compliance.

ALAMEDA COUNTY WASTE MANGEMENT AUTHORITY, ALAMEDA COUNTY SOURCE REDUCTION AND RECYLING BOARD AND ENERGY COUNCIL MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2014

The following analysis, prepared by Agency staff, is a brief discussion of the Agency's (Alameda County Waste Management Authority; Alameda County Source Reduction and Recycling Board; and Energy Council) financial activities for the year ended June 30, 2014. Please read it in conjunction with the financial statements and the accompanying notes to those financial statements.

FINANCIAL HIGHLIGHTS

- As of June 30, 2014, the Agency assets exceeded its liabilities by \$46,115,667 (reported as net position). The Authority's net position represents 83% and Recycling Board's 17%.
- Cash and short-term investments balance at June 30, 2014 totaled \$28,283,280 of which 63% represents Authority cash, 34% Recycling Board cash and 3% Energy Council cash.
- Tonnage fees from the landfills amounted to \$16,097,294 or 89% of operating revenues. Authority's tonnage fees totaled \$7,650,217 and Recycling Board fees totaled \$8,447,077.
- The Agency external grant revenues totaled \$4,111,200 of which Energy Council's portion was \$3,655,592 or 89%.
- The Agency instituted a Benchmark Service.
- Benchmark Fees revenue totaled \$950,002.
- The Agency earned \$64,706 in interest on its investments. Of the interest earned, Authority's portion was \$38,895, Recycling Board \$24,734 and Energy Council \$1,077.
- Operating expenses totaled \$20,943,275. Authority's portion was \$9,279,244 or 44%; the Recycling Board's portion was \$8,008,438 or 38% and \$3,655,593 or 18% for Energy Council.
- The Agency distributed \$4,228,882 of Measure D Fees to the municipalities.
- Benchmark Service related expenses totaled \$819,025.
- There were no additions to capital assets.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Agency is comprised of three separate Boards, Alameda County Waste Management Authority Board, Alameda County Source Reduction and Recycling Board and Energy Council.

This fiscal year the Agency instituted Benchmark Service. The Benchmark Service provides random anonymous measurements of how much recyclable and compostable material is in garbage containers in Alameda County; analysis of those measurements and reports sent directly to garbage service account holders describing what was found and what people can do to reduce waste at home and at work. The fee ranges from \$1.85 to \$22.15 a year and charged to all residential and commercial garbage accounts in Alameda County. The fee adjusts each July 1, based on the rate of inflation as determined by the change between the prior two Consumer Price Indices for our region. Starting July 1, 2015 the fee will adjust downward if the actual cost of the service in the prior fiscal year (July 1, 2014) is less than the revenue received.

The Agency operates as an Enterprise Fund and presents its financial statements using the full accrual basis of accounting. Revenues are recorded when earned and expenses recorded at the time liabilities are incurred, regardless of when cash is received or paid.

The Agency's financials report includes the three basic financial statements: the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position and the Statements of Cash Flows.

The Statement of Net Position presents information on all of the Agency's assets and liabilities, with the difference between the two reported as net position. The statement provides information about the nature and the amounts of investments in resources (assets) and obligations (liabilities). Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Agency is improving or deteriorating. There are two sections to the Statement of Net Position: Invested in Capital assets and Unrestricted.

The Statement of Revenues, Expenses and Changes in Net Position present the results of the Agency's operations over the course of the fiscal year and information as to how the net position changed during the year. All of the fiscal year's revenues and expenses are accounted for in this statement.

The Statement of Cash Flows provides information about the Agency's cash receipts, cash payments, and net changes in cash resulting from operations, investing and financing activities. The statement shows what the sources and uses of cash were and what the change in the cash balance was during the fiscal year.

Statement of Net Position

A comparison of the Agency's Statement of Net Position for fiscal year ended June 30, 2014 and 2013 is as follows:

Table 1
Summary Statement of Net Position at June 30, 2014 and 2013

	2014	2013	Increase (Decrease) Amount	Increase (Decrease) Percentage
Current and Other Assets	\$35,458,314	\$33,815,461	\$1,642,853	4.9%

Total Net Positions	\$46,115,667	\$44,811,011	\$1,304,656	2.9%

Net position may serve over time as a useful indicator of the Agency's financial position. At the close of the fiscal year, June 30, 2014, the Agency's assets exceeded liabilities by \$46 million. The largest portion of the Agency's net position, \$32 million (68.4%) is unrestricted and represents resources that may be used to meet any of the Agency's ongoing obligations. The Board has designated \$14 million (43.3%) of the \$32 million for specific purposes.

The Agency's investment in capital assets (land, buildings, furniture and equipment) amounted to \$15 million (31.6%).

The Agency's has no external restrictions on how any portion of the net position may be used.

Statement of Revenues, Expenses and Changes in Net Position

The following table provides a summary of the Agency's operations for the fiscal years ended June 2014 and 2013.

The Statements of Revenues, Expenses, and Changes in Net Position show the results of operations during the course of the year. Operating revenues consist of tonnage fees from the landfills (89%), benchmark fees (5.3%) and other revenues (5.7%) from a variety of sources (wind/property, Use oil campaign, household hazardous waste and bay roc junk mail campaign.

Compared to 2013 operating revenues increased by \$157,000 or 0.8% in fiscal year 2014 as follows: Loss of revenue from the Cooperative Facility Fee Implementation and Diversion agreement between the Authority and Waste Management of Alameda County and Republic Services, which sunsetted on March 15, 2013 (\$1,050,000); slight increase in tonnage fees of \$14,000; increase in Other revenues of \$243,000 and the addition of \$950,000 from the new Benchmark fees.

Non-operating revenues comprised primarily of grants and interest income. Compared to 2013, grants revenues were higher by \$689,000 and interest income decreased slightly by \$5,000 due to lower interest rates.

Total operating expenses for fiscal year 2014 increased by \$1,476,000 or 7.6% over 2013.

Capital Assets

At June 30, 2014, the Agency has invested \$15 million in capital assets, net of depreciation. The investment in capital assets includes land, buildings, furnishings and equipment. No assets were added to furniture and equipment.

Details of the capital assets, net of accumulated depreciation, as of June 30, 2014 and 2013 are as follows:

	2014	2013	Increase (Decrease) Amount	Increase (Decrease) Percentage

NOTES TO BASIC FINANCIAL STATEMENTS

For The Year Ended June 30, 2014

NOTE 1 – SUMMARY SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Authority and its Programs

Alameda County Waste Management Authority, Alameda County Source Reduction and Recycling Board and Energy Council are three separate legal entities

The Alameda County Waste Management Authority (Agency) is a public agency formed in 1976 by a Joint Exercise of Powers Agreement among the County of Alameda, each of the fourteen cities within the county, and two sanitary districts that provide refuse and recycling collection services. The Agency has a seventeen-member board composed of elected officials appointed by each member agency.

The Agency is responsible for preparation of the Alameda County Integrated Waste Management Plan and Alameda County Hazardous Waste Management Plan. It manages a long-range program for development of solid waste facilities and offers a wide variety of other programs in the areas of source reduction and recycling, market development, technical assistance and public education. Funding is provided by per ton disposal and waste import mitigation fees.

The Alameda County Source Reduction and Recycling Board (Recycling Board) was created in 1990 by the voters of Alameda County through a ballot initiative, "Measure D". The elevenmember board includes six citizen experts appointed by the Alameda County Board of Supervisors and five elected officials from the Alameda County Waste Management Authority.

The Recycling Board is responsible for programs that promote source deduction, residential and commercial recycling, recycled product procurement and market development. Program funding is provided from a per ton disposal surcharge at the Altamont and Vasco Road landfills.

The Energy Council was formed in Spring 2013 as a Joint Powers Agency to seek funding on behalf of its member agencies to develop and implement programs and policies that reduce energy demand, increase energy efficiency, advance the use of clean, efficient and renewable resources, and help create climate resilient communities. The Energy Council will assist its members in strengthening staff capacity, providing technical expertise, and securing funds to implement local sustainable energy strategies. To date, thirteen members serve on the Board. Funding for projects comes from external grants and sources.

B. Basis of Presentation

The Agency's Basic Financial Statements are prepared in conformity with accounting principles generally accepted in the United States of America. The Government Accounting Standards Board is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the United States of America.

NOTES TO BASIC FINANCIAL STATEMENTS

For The Year Ended June 30, 2014

NOTE 1 – SUMMARY SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting

Enterprise fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows.

Enterprise funds are accounted for using "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets and deferred outflows of resources, and liabilities and deferred inflow of resources, (whether current or noncurrent) are included on the Statement of Net Position. The Statement of Revenues, Expenses, and Changes in Fund Net Position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Operating revenues are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

D. Compensated Absences

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expense and a liability. Generally, earned vacation may be accumulated up to a maximum of 400 hours by all personnel. Agency employees do not receive compensation for accumulated sick leave unless they retire, in which case they have the option of cashing out half of their sick leave or converting sick leave to service credit. To date all eligible employees have chosen the latter option. Accordingly no sick leave has been accrued.

E. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

F. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense) until then. The Agency did not have any items that qualify for reporting in this category.

NOTES TO BASIC FINANCIAL STATEMENTS

For The Year Ended June 30, 2014

NOTE 1 – SUMMARY SIGNIFICANT ACCOUNTING POLICIES (Continued)

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Agency has only one item that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, are deferred and recognized as an inflow of resources in the period that the amounts become available.

NOTE 2 - CASH AND INVESTMENTS

The Agency invests in investment pools. The Agency carries its investments at fair market value, as required by generally accepted accounting principles. Cash and investments at June 30, 2014 consist of the following:

Cash on hand and in banks	\$598,407
Investment pools	27,684,873
Total cash and cash equivalents	\$28,283,280

A. Authorized Investments

The Agency is authorized to invest in the instruments, in the table below, which also identifies certain provisions of the California Government Code or the Agency's investment policy where it is more restrictive:

		Maximum	Maximum
		Percentage of	Investment in
Authorized Investment Type	Maximum Maturity	Portfolio	One Issuer
Alameda County Investment Pool	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None

B. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

NOTES TO BASIC FINANCIAL STATEMENTS

For The Year Ended June 30, 2014

NOTE 2 - CASH AND INVESTMENTS (Continued)

Information about the sensitivity of the fair values of the Agency's investments to market interest rate fluctuations is provided by the following table, which shows the distribution of the Agency's investments by maturity:

	Remaining Maturity
	(in Months)
Authorized Investment Type	12 Months or less
Alameda County Investment Pool	\$15,858,843
Local Agency Investment Fund (LAIF)	11,826,030
	\$27,684,873

The Agency is considered to be a voluntary participant in an external investment pool. The fair value of the Agency's investment in the pool is reported in the financial statements at amounts based upon the Agency's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

The Agency is a participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The Agency reports its investment in LAIF at the fair value amount provided by LAIF, which is the same as the value of the pool share. The balance is available for withdrawal on demand, and is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. Included in LAIF's investment portfolio are collateralized mortgage obligations, mortgage-backed securities, other asset-backed securities, loans to certain state funds, and floating rate securities issued by federal agencies, government-sponsored enterprises, United States Treasury Notes and Bills, and corporations. At June 30, 2014, these investments matured in an average of 232 days.

C. Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The State and County pools are not rated.

D. Concentration of Credit Risk

Investments in any one issuer (other than U. S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of total investments. As of June 30, 2014 there were no investments in any one issuer (other than external investment pools) that represent 5% or more of the total Agency investments.

NOTE 2 - CASH AND INVESTMENTS (Continued)

E. Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the Agency will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. Under California Government Code Section 53651, depending on specific types of eligible securities, a bank must deposit eligible securities posted as collateral with its Agent having a fair value of 105% to 150% of the Agency's cash on deposit. All of the Agency's deposits are either insured by the Federal Depository Insurance Corporation (FDIC) or collateralized with pledged securities held in the trust department of the financial institutions in the Agency's name.

NOTE 3 – LOANS RECEIVABLE

The Agency lends out monies to businesses in order to improve their recycling and waste management programs. The Revolving Loan Fund is designed to encourage businesses to reduce the amount of waste going to Alameda County landfills by providing low interest loans for source reduction, recycling, composting, processing or recycled market development efforts. Loan funds are available to existing and start up businesses with projects that reduce waste disposed in Alameda County landfills. To be eligible, businesses must be located in Alameda or an adjacent county, or be relocating to Alameda County. The fund is administered by the Safe-BidCo. on behalf of the Alameda County Source Reduction and Recycling Board. Loans are available from \$10,000 to \$300,000 with interest rates ranging from Wall Street Journal (WSJ) prime to prime plus 6%. Loan terms do not exceed 5 years. As of June 30, 2014, outstanding loans totaled \$240,786.

NOTE 4 – CAPITAL ASSETS

Capital assets are stated at cost less accumulated depreciation, which is provided on the straight-line basis over the estimated useful lives of the respective assets. The estimated useful lives of the assets and capitalization thresholds are listed below:

NOTE 5 – DUE TO OTHER GOVERNMENTAL AGENCIES

The Agency provides direct funding to member agencies through the mandated allocation of funds to municipalities. Measure D requires the Agency to disburse 50% of Measure D fees on a per capita basis to municipalities for the continuation and expansion of municipal recycling programs. On June 30, 2014, \$1,081,849 represented the last quarter of Measure D fees that had not yet been remitted.

NOTE 6 – LONG-TERM LIABILITIES

A summary of long-term liability activities for the year ended June 30, 2014 is as follows:

NOTE 7 – NET POSITION

A. Net Position

Net Position is the excess of all the Agency's assets and deferred outflows over all its liabilities, and deferred inflows regardless of fund. Net Position are divided into three captions defined below:

Net Investment in Capital Assets describes the portion of Net Position which is represented by the current net book value of the Agency's capital assets, less the outstanding balance of any debt issued to finance these assets and related deferred inflows.

Restricted describes the portion of Net Position which is restricted to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the Agency cannot unilaterally alter.

Unrestricted describes the portion of Net Position which is not restricted to use.

NOTE 8 - PENSION PLAN AND OTHER POST EMPLOYMENT BENEFITS

A. CALPERS Miscellaneous Employees Plan

<u>Plan Description</u> - All qualified permanent and probationary Agency employees are eligible to participate in pension plans offered by California Public Employees Retirement System (CALPERS), an agent multiple-employer defined benefit pension plan which acts as a common investment and administrative agent for its participating member employers. CALPERS provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. The Agency's employees participate in the Miscellaneous Employee Plan. Benefit provisions under the Plan are established by State statute. Benefits are based on years of credited service, equal to one year of full time employment. Funding contributions for the Plan are determined annually on an actuarial basis as of June 30 by CALPERS; the Agency must contribute these amounts. The Plan's provisions and benefits in effect at June 30, 2014, are summarized as follows:

Hire Date	Prior to 1/1/13	After 1/1/13
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Retirement age	55	62
Monthly benefit factors, as a % of annual salary	2.5%	2%
Required employee contribution rates	8%	6.25%
Required employer contribution rates	14.660%	6.25%

Active plan members in the Agency's defined benefit pension plan prior to January 1, 2013 and after January 1, 2013 are required to contribute 8% and 6.25%, respectively, of their annual covered salary. The Agency is required to contribute the actuarially determined remaining amount necessary to fund the benefits for its members.

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8 - PENSION PLAN AND OTHER POST EMPLOYMENT BENEFITS (Continued)

Annual Pension Cost - CALPERS determines contribution requirements using a modification of the Entry Age Normal Method. Under this method, the Agency's total normal benefit cost for each employee from date of hire to date of retirement is expressed as a level percentage of the related total payroll cost. Normal benefit cost under this method is the level amount the Agency must pay annually to fund an employee's projected retirement benefit. This level percentage of payroll method is used to amortize any unfunded actuarial liabilities. The actuarial assumptions used to compute contribution requirements are also used to compute the actuarial accrued liability. The Agency uses the actuarially determined percentages of payroll to calculate and pay contributions to CALPERS. This results in no net pension obligations or unpaid contributions. Annual Pension Costs, representing the payment of all contributions required by CALPERS for the last three fiscal years were as follows:

	Annual	Percentage	Net
Fiscal Year	Pension	of APC	Pension
Ending	Cost (APC)	Contributed	Obligation
June 30, 2012	\$524,142	100%	-
June 30, 2013	696,738	100%	-
June 30, 2014	636,132	100%	-

<u>Funding Status</u> - CALPERS uses the market related value method of valuing the Plan's assets. An investment rate of return of 7.5% is assumed, including inflation at 2.75%. Annual salary increases are assumed to vary by duration of service. Changes in liability due to plan amendments, changes in actuarial assumptions, or changes in actuarial methods are amortized as a level percentage of payroll on a closed basis over nineteen years. Investment gains and losses are accumulated as they are realized and amortized over a rolling thirty-year period.

The Plan's actuarial value (which differs from market value) and funding progress within the most recently available past three years is set forth below at their actuarial valuation date of June 30:

						Unfunded
			Unfunded		Annual	(Overfunded)
	Entry Age		(Overfunded)	Funded	Covered	Liability as %

NOTE 8 - PENSION PLAN AND OTHER POST EMPLOYMENT BENEFITS (Continued)

Net Pension Asset – As required by State law, effective July 1, 2005, the Agency's Miscellaneous Employee Plan was terminated, and the employees in the Plan were required by CALPERS to join a new State-wide pool. One of the conditions of entry to this pool was that the Agency true-up any unfunded liability in the former Plan, either by paying cash or by increasing its future contribution rates through a Side Fund offered by CALPERS. The Agency satisfied its side Plan's unfunded liability by making a lump sum contribution of \$1,028,633 in July 2011. This resulted in a net pension asset. The net pension asset will be amortized over a 10-year period. Amortization for the year ended June 30, 2014 totaled \$93,511 and is recorded in statement of revenues, expenses and changes in net position. Net pension asset as of June 30, 2014 is \$748,097

B. Post Employment Health Care Benefits

Description

The Agency participates in the CALPERS sponsored health care plan for its employees and long-service retirees and/or their dependents. In addition, the Agency sponsors and administers dental and vision coverage for its employees and/or their dependents.

The Agency provides post-retirement health care benefits to eligible retirees. Prior to January 1, 2007, eligible employees retiring at or after age 50 with a minimum of 5 years of service credit, may opt to continue health care coverage, including spouse and dependents, with a monthly premium paid by the Agency. Vesting requirements have been implemented for employees hired after January 1, 2007.

The Agency has elected to set up a trust fund with the California Employers' Retiree Benefit Trust (CERBT) to fund their plan. The Agency does not have a stand-alone financial statement to their plan. Financial activity of the plan will be included as part of the CERBT's financial statements available through their executive office.

Funding Policy and Actuarial Assumptions

The Agency has elected to fully fund the annual required contribution (ARC) which is determined by an actuary. The contribution requirements of the Agency are established and may be amended by the Board of Directors.

The current year ARC was determined as part of a July 1, 2013 actuarial valuation using the projected unit credit method, which takes into account those benefits that are expected to be earned in the future as well as those already accrued. The actuarial assumptions included (a) 7.50% investment rate of return, (b) 3% payroll growth rate, (c) 2.75% general inflation rate, and (d) health care cost trend rates assumed to increase 5% per year for medical benefits.

Generally accepted accounting principles permit assets to be treated as OPEB assets and deducted from the Actuarial Accrued Liability when such contributions are placed in an irrevocable trust or equivalent arrangement. For the fiscal year ended June 30, 2014, the Agency annual cost for the healthcare plan was \$105,009. The Agency's OPEB asset amortization and the net OPEB asset for the year ended June 30, 2014 were as follows:

Annual required contribution	\$120,200
Interest on net OPEB asset	(164,826)
Amortization of net OPEB asset	149,635
Annual OPEB cost (expense)	105,009
Contribution made	120,200
Increase in net OPEB asset	15,191
Net OPEB asset, beginning of year	2,197,686
Net OPEB asset, end of year	\$2,212,877

The Plan's annual required contributions and actual contributions for the last three years ended June 30 are set forth below:

	Annual OPEB		% of OPEB Cost	
Fiscal Year	Cost	Actual Contribution	Contributed	Net OPEB Asset
6/30/2012	\$290,000	\$2,642,486	911%	\$2,352,486
6/30/2013	154,800	(A)	100%	2,197,686
6/30/2014	105,009	120,200	114%	2,212,877

NOTE 9 – RISK MANAGEMENT

The Agency carries commercial insurance coverage for its general liability, property damage, and workers' compensation insurance. The Agency also carries public officials and employee liability insurance, as well as employee dishonesty and forgery/alteration insurance, for those employees who have check signing authority, as well as those employees who handle funds in any manner.

The following types of loss risks are covered through commercial insurance policies as follows:

Type of Coverage (Deductible)	Coverage Limits
General Liability (\$1,000)	\$2,000,000
Property (\$1,000)	\$350,000,000
Boiler and Machinery (\$2,500)	\$25,000,000
Workers' Compensation (\$1,000)	Statutory Limit

NOTE 10 - COMMITMENTS AND CONTINGENCIES

The Agency's Federal and State grant programs are subject to the provisions of the Federal Single Audit Act as amended and applicable State requirements. In addition, these programs are still subject to further examinations by the grantors and the amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time. The Agency expects such amounts, if any, to be immaterial.

The Agency is subject to litigation arising in the normal course of business. In the opinion of the Agency attorney's there are no pending litigation which is likely to have a material adverse effect on the financial position of the Agency.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Alameda County Waste Management Authority, Alameda County Source Reduction and Recycling Board and Energy Council Oakland, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of the Alameda County Waste Management Authority, Alameda County Source Reduction and Recycling Board and Energy Council (Agency), as of and for the year ended June 30, 2014, and the related notes to the financial statements, and have issued our report thereon dated January 12, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Agency's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
