My 4Rs: Reduce, Recycle, Re-think, and Rejoice

My (Re)Generation Action Story:

I decided to draw a picture because I love drawing and I really want and think that people should take more care of the Earth. (I mean, we do live here!) When I first heard of Stop Waste I was delighted! I love the Earth and I really want to do my best to take care of it. I really hope that people will listen to eco warriors and to this little paragraph.

LOVE THE EARTH!!!!!!

Sincerely,

Tia T.
