1. Revisions to Recycling Board Resolution RB 2014-12 to address accumulated Measure D fund balances (Meri Soll)
   That the Recycling Board adopt Revision of Recycling Board Resolution #RB 2014-12 regarding fund balances of recycling fund per capita allocations.

Meri Soll provided an overview of the staff report and presented a PowerPoint presentation. A link to the report and presentation is available here: MeasureD-Fund-Balance-Policy-Revision.pdf. An audio link to the discussion is available here: MeasureD-Fund-Balance-Policy-Discussion

Ms. Soll clarified that Measure D funds could be withheld if balances are over the allowable threshold after a two year period. A member agency is required to provide an expenditure plan if their annual Measure D fund balance is above the allowable threshold at the end of any Fiscal Year. There is a two year period to draw down on funds. Within the two-year period, the member agency will continue to receive its Measure D distribution. If after the two-year period the jurisdiction is unable to reduce its fund balance to 25% below the allowable threshold, the funds can be withheld and placed in a special account.

Additional time was provided for discussion and for the Board to ask clarifying questions. There were no public comments on this item. Board member Zermeño made the motion to approve the staff recommendation and Board member Cox seconded. The motion carried 8-0.
